CLEM GRAY IS SENTENCED TO DEATH

ST. PAUL GETS NEXT LEGION CONVENTION

My Own May Substitute For Zev In Races

Substitution Is Proposed As Zev Shows Up Sick

WASHINGTON, Oct. 19. — My Own and not Zev may race against Papyrus in the $100,000 international race at Belmont Park tomorrow, Rear Admiral Cary T. Grayson, owner of the colt, believed today.

As My Own was being shipped from the Laurel, Md., race track to New York, to be ready to race in event Zev does not face the barrier against the English horse. Grayson said he was informed over long-distance telephone by a representative of August Belmont, president of the Jockey Club, that "you will not regret it if you send My Own up here."

Grayson's colt already has been selected as second choice of the United States if Zev is found not ready to run.

BELMONT PARK RACE TRACK, New York, Oct. 19.—Lumps have broken out over the body of Zev, which was to have met Papyrus in the international stake race tomorrow.

This information was obtained by the United Press today from a personal representative of Major August Belmont.

My Own, Admiral Cary T. Grayson's crack 3-year-old is almost certain to go to the barrier and meet the English Derby winner Saturday afternoon.

Announcement to this effect was expected from the Jockey Club later today.

The sickness, of a nature as yet undisclosed which attacked Harry F. Sinclair's Zev on the eve of the greatest international horse race in years, struck suddenly Thursday.

This accounts for the fact that Zev was not shown to the public yesterday or today.

Prominent veterinarians are examining the Sinclair colt. On the whole of Zev's body the mysterious lumps appeared. Their veterinarians will give their decision later.

Papyrus is ready to meet My Own if it is found that the contract under which the English horse was brought here provides for such an eleventh hour substitution.

Sam Hildreth, Zev's trainer, would not comment on the condition of his horse and there were many who felt he might still go to the post.

Papyrus had a brisk canter this morning and pulled up very fit. He will not work again before the match race.

Those who have bet on Zev were thrown into confusion, by the possibility of a substitution and there were many arguments as to whether the bets placed on Zev would stand as made on My Own, in case Grayson's colt replaced the Sinclair star.

Despite the announcement about the lumps from which Zev was reported suffering, the American horse appeared on the track about 9:10 a. m. and worked half a mile in a gallop at 47 seconds. As he flashed past the stands Zev showed no signs of the reported malady, but he was hustled around the barn and back to the Rancocas stables before any of the turfmen had an opportunity for close inspection.

The work out which was at a swift gallop, came as a complete surprise and only a handful of clockers and newspaper men were at the rail.

Zev's gallop was not particularly impressive, but he went along well with LaVerne Fator up.

The rub made tomorrow's program all the more uncertain. Where early in the morning the statment concerning the lumps that appeared on the horse's body led everyone to expect My Own would be substituted the appearance of the Sinclair colt made it possible that he might yet go to the post.

POWELL FIELD IS NOW VERY ACTIVE

Recent rains have not been as heavy in the Powell area of the Mexia oil field district as in the Tishpond, Golden Lane and Big Creek. The roads are drying rapidly and the week end finds activity moving forward at an unprecedented rate.

Wm. D. Mayfield, of Waco, was in Mexia today.

FORMER BRECKENRIDGE WORKER MIRACULOUS ESCAPE FROM DATH IN ACCIDENT IN POWELL POWELL

One of the most unusual and miraculous escapes from sudden death occurred in the Powell area Wednesday, A. R. Brown, 26, was caught and whirled around a cat head eleven times on the Louval Drilling company rig. It is reported that a line had been attached to the tool pushers car, pulling it out of the mud, and the line broke, catching Brown's glove and drawing him into the cat head and spinning him around.

The injured man lost consciousness on the second trip around the cat head. He was rushed to an emergency hospital. No bones were broken, according to statements by attending physicians. It is believed his recovery is certain, although badly shaken and bruised.

Oasis Reopens Better Looking Even Than Ever

The Oasis has reopened in the Houx building, after being closed several months following a disastrous fire suffered by this popular place. The American Legion hall, on the second floor of the building, was also damaged in the conflagration. This, too, has received repairs and the Legion is now meeting in it regularly each week.

The club rooms are as comfortable as ever members assert.

A. E. Epperson, proprietor of the Oasis, has been supervising repairs for several weeks and the place is now more imposing in appearance than ever. It is one of the finest confectionery and drink stands in this section of the state.

Marcus Corley is assisting Mr. Epperson for the first few days. Other members of the Oasis force are: Bob McDonald, D. V. Kirkpatrick, B. Albright, J. A. Stanley and Miss Eva Hampton.

Mr. Epperson states that he believes Mexia is yet facing a future of real business activity and growth and he has not hesitated in the investment of many thousands of dollars in the Oasis.

GULF PRODUCTION NOW OVER 20,000 DAILY AT POWELL

The Gulf production today is better than 20,000 barrels at Powell. This company now has 42 producers in that pool and 13 drilling operations. These are as follows: 3 on the Barron; 1 on the Bush and 9 on the Crews.

FIRST PRESBYTERIAN CHURCH

Services will be conducted Sunday, Oct. 21, 1923 at 11 a. m. and 7:30 p. m. by Dr. Brooks I. Dickey of Dallas, Texas.

You will enjoy hearing the gospel messages Doctor Dickey brings to his hearers. Strangers in the city are especially welcome. Come and worship with us.

Sunday afternoon at 3 p. m. the officers of the church Elders and Deacons meet. A full attendance is earnestly requested. Important. Come.—G. A. Lyell, clerk of session.

FIRST M. E. CHURCH

The conference year closes early in November. However, the stewards are trying to close up the finances of the church within the next ten days. The fourth quarterly conference meets the 28th of October, and all finances are supposed to be in hand at that time. See your steward.

The pastor will preach at 11 a. m. and 7 p. m. Note the change in the hour for the night service.

Prayer meeting at 7 p. m. also.

Can you give a satisfactory reason for not going to Sunday school?

BACK FROM GLEN ROSE

Mr. and Mrs. Jas. P. Anderson have returned from a few weeks sojourn at Glen Rose, where Mr. Anderson has been taking treatment for rheumatism. He looks better and says he feels better as the result of his stay over there.

W. S. Eakin of Waco was here Friday.

IMPEACHMENT OF WALTON HELD UP UNTILL MONDAY

OKLAHOMA CITY, Oct. 19.—Filing of impeachment charges against Governor J. C. Walton resulting from the House investigation will not be ready before the first of next week, according to House committee leaders today.

A large amount of testimony to be transcribed and the calling of additional witnesses before the House investigators was given as cause for the delay of the charges, expected ready today.

"We have received more evidence than was anticipated," W. E. Disney, chairman of the House Impeachment Committee, declared.

"However, there are several important witnesses to be heard yet," he stated.

Brief session of both houses were planned for 1:30 this afternoon after which adjournment until Monday will be taken in order to allow the committee to complete their search.

HUMPHREYS OUTPUT 50,000 BARRLES EVERY 24 HOURS

The daily yield for the Humphreys Oil Company's Powell and in Golden Lane is now around 50,000 barrels. At Powell the yield for this company is around 26,000 barrels, coming from 64 producers. The company has ten drilling operations at present.

Rely C. Woods was here Friday from Waco.

Will Go To Paris In 1928

SAN FRANCISCO, Oct. 19.—The election of national officers is the chief business of the American Legion convention following the selection of St. Paul for next year's convention. It voted also to meet in Paris in 1928.

Klan Condemned

SAN FRANCISCO, Oct. 19.—The fifth annual convention of the American Legnon convened for its last session today. Election of national officers, meeting of the national executive committee and the grand closing celebration tonight was scheduled as its final activities.

The convention adopted the proposed anti-Ku Klux Klan resolution late Thursday after a brief debate. While the resolution did not mention the Klan by name specifically, it condemned organizations which "fostered racial, religious and class strife."

"THE BROKEN VIOLIN" AT THE NATIONAL

With Rita Rogan, the seven year old girl star, Dorothy Mackaill, Zena Keefe, and Reed Howes in the leading roles, the National Theatre is preparing to show another of the super-specials, when it presents "The Broken Violin" today and tomorrow.

Thrills, laughs, tears, suspense, heart-interest and mystery are all cleverly blended in this super-production, which is bound to make a strong appeal to men, women, and children alike. It is one of those plays in which all the elements that constitute the human emotions predominate, and bring home to the people many like experiences in their own lives.

Ben F. Stollenwerck spent Thursday in Dallas seeing the fair and attending to some city business.

Oklahoma Death Toll Stands At Seven To Date

OKLAHOMA CITY, Oct. 19.—With the known flood death toll in the State standing at seven and several other persons believed casualties, flood crests in State streams were hurrying eastward and southward today. Possibility of an Arkansas flood menace was seen today with the coming juncture of Arkansas and Canadien River floods in the extreme Eastern part of the State in the next few days.

Two additional bodies, bringing the known death toll to four, were found here late yesterday. The body of Mrs. Jennie Ellis, Salvation Army worker, was found in her house which was lodged a few miles below the city. The ing when her home toppled into the woman met death early Tuesday morn-North Canadian River here

The fourth victim found was an unidentified man, believed to have been swept out of the lowlands above the city.

Mrs. R. H. Loose and daughter Clara were swept to their death here early Tuesday. Four other persons were listed as missing here today.

FIRST CHRISTIAN CHURCH

Sunday School at 9:45. Worship and preaching at 11:00.

Christian Endeavor at 6:30.

Preaching at 7:30.

The subject of the sermon Sunday morning will be "The Indestructible Kingdom." (Dan. 2:44).

The subject Sunday evening will be: "Dads and Lads", which will be given in honor of "Fathers' Day." I want the dads to bring the lads and the lads the dads and hear this special message. There will also be some special music given at the evening service that you will enjoy.—G. T. Reaves, Minister.

N. H. Pierce, former foreman of The News mechanical department, dropped off here today enroute to his home in Menard from the state fair. Mr. Pierce is looking well and says the baby, that was born here, is nearly grown.

Girls Mail Out Much Mail For Dr. Fred Cook

FORT WORTH, Texas, Oct. 19.—Fifty-three girls were employed in the mailing department of the Petroleum Producers association and more than 300,000 pieces of literature were mailed out in one week, according to testimony of Miss Virginia Brown in the trial of Dr. Frederick A. Cook and his associates on charges of misuse of the mails.

Miss Brown said she was formerly employed in the mailing department of the company, promotion of which is being investigated by the government. As many as 15,000 circulars a day were mailed out she said.

Oscar Cole, Nevada, Iowa, testified that he did not know the oil business was speculative while being questioned as to his purchase of shares of stock in the Burk-Hoyt oil company.

L. J. Thompson, Storey City, Iowa, declared he bought $1000 worth of Burk-Hoyt stock and transferred it to the Petroleum Producers association when the companies were "merged."

George E. B. Peddy, Houston, appointed as special government assistant in the prosecution of mail fraud cases at Houston was a spectator at yesterday's session of court here.

Ford Sentiment Governors Say Spreading In U. S.

WESTBADEN, Ind., Oct. 19.—Ford for president sentiment has crystalized sufficiently for voters to give serious consideration to Ford's proposed candidacy, according to governor's of thirty states at the annual conference. The governors discussed prohibition in executive session. The governors of Tennessee and Alabama declared the Ford boom has made little if any headway in the south. Underwood and McAdoo seem to be the democratic south's selections... Republican governors declared that Coolidge will receive that party's unanimous support. They mentioned no other possible republican candidates. The governors signed a memorial calling on the government to aid in enforcing prohibition, and promising their co-operation Governor Sweet of Colorado drafted the measure. Several governors refused to sign the original resolution, and Sweet, with the aid of Pinchot and Trinkle of Virginia, drafted a compromise measure.

FARMERS TESTIFY AGAINST DR. COOK

FORT WORHT, Texas, Oct. 19.—Middle west farmers told how they had been led by Dr. Cook literature to invest in oil stocks. They identified letters and circulars from Cook and twenty-one associates. The letters were read to the jury.

GLIMPSES FROM SIDELINES

LAWRENCE, Kas., Oct. 19.—Coach Clark and 26 members of the Kansas grid squad left here last night for Lincoln, where they clash Saturday with Nebraska. A special train of rooters will leave for Lincoln tonight.

MANHATTAN, Kas., Oct. 19.—The Kansas Aggies, well groomed in an aerial attack, left last night for Ames, where they meet the Wild Cats tomorrow. Captain Nichols, with an injured knee, will not be in the line-up.

LINCOLN, Neb., Oct. 19.—The Corn Huskers held final scrimmage behind closed doors in preparation for the annual battle with Kansas tomorrow. Captain Lewellen will not appear in the lineup as a result of an infected knee.

John Wall Returns

John Wall, former editor of the American Oil Examiner of Mexia, who recently returned from California is a visitor to the Powell area of the Mexia oil field. Mr. Wall has many friends here who will be glad to see him back in the busiest oil field in the southwest.

Jury's Verdict Given Before A Crowded Court

MOUNT PLEASANT, Texas, Oct. 19.—The death sentence was recommended by the jury in the rial of Clem Gray for the murder of Otis Ballard. The jury brought in its verdict shortly before noon, after being out since yesterday afternoon. Gray's attorneys were not in court when the verdict was read. They will probably wile a motion for appeal. A crowded court room heard the ferdict read. Gray's plea for his life was thus denied by the jurors before which he had plead for clemency.

The jury in the case was locked up for the night at 10 o'clock p. m. Thursday and had not returned a verdict early today. A special venire of 100 men has been summoned for Monday to try the case of Burrell Kemp, negro, charged with murder and accomplice to murder in the slaying of Ballard.

TABLOIDS

BELMONT PARK RACE TRACK, New York, Oct. 19.—An investigating committee of the Jockey Club found Zev, Harry Sinclair's entry in the international race against Papyrus tomorrow, in unsatisfactory condition. He is broken out with splotches. My Own, owned by Dr. Cary Grayson, may race the English pony. The latter horse is due to arrive this afternoon when the cimmittee will make a definite decision.

HOUSTON, Texas.—Stock in the garbage department went up when Mrs. H. P. Ritchers reported she threw out $65 in bills in some trash. It slumped when it was found the trash had been burned on the dump.

KANSAS CITY.—The Baltimore and Kansas City baseball teams were enroute to Baltimore today to complete their minor league world series. By winning Thursday's game, 4 to 2, Kansas City now has a lead in games of 3 to 1. The total attendance for the four games here was 62,679 and the total receipts $77,250.88, of which $50,213.07 will be divided among the players. The players also will share in receipts of the first game at Baltimore, which will be played Saturday.

PARIS, Texas.—Charles Kimeter, 28, was killed here last night when the automobile he was driving collided with a street car. Kimeter's skull was fractured.

NEW YORK, Oct. 19.—Invitation extended to the New York Yankees to do their spring training in Los Angeles next year, has been declined, Ed Barrow, business manager of the champions, announced. New Orleans, Shreveport or St. Petersburg, Fla., may be chosen, although it has been reported that the champions might be taken to San Antonio for training since the Giants are not expected to return there for their training.

OIL MEN CALLED BEFORE OKLAHOMA REPRESENTATIVES

OKLAHOMA CITY, Oct. 19.—Noted oil men were subpoened for appearance before the House impeachment committee to give testimony concerning the administration of Governor Walton. E. W. Marland, Charles Sand, Waite Phillips and others are called to appear.

SAXON CABINET TO BE ARRESTED

DRESDEN, Oct. 19.—Orders for the arrest of the Saxon Cabinet were in the hands of the Federal military here today. A Government official said he was realiably informed.

Inflammatory speeches and organization of illegal Communist military groups were said to be charges.

Dely of the Berlin Government in allowing the orders to be executed was attributed to incompleteness of military preparations.

J. R. Bobeman of the Humble Company is shaking hands with his many friends here today.

Powell May Connect With Old Richland Field Judged By Present Indications; Output Could Easily Go 300,000 Daily

General talent in the Powell pool believe that the Golden string now bears the promise of swinging to the East. This opinion is based on the log of the E. C. Meade well on the E. D. Smith tract, where the top of the chalk was found to be around 2600 feet. This is further established by the Webster well on the Boyd, about three fourths of a mile southwest of production, which drilled in the chalk at around 2570 feet.

In the event that the fault and field swings in that direction, the prospects are that it will trend toward the old Richland pool, with which it may connect before the field is defined.

The field is now about 8 miles long and has advanced across the T. & B. V. tracks at a point near Navarro and is already within about 6 miles of the Richland pool, of the Mexia district. Should the connection be established, the new monster field will be within 16 miles of Mexia. At present production is confined to a strip about three quarters of a mile wide.

Never before in the life of any southwestern field has there been such a speed established in drilling up proven acreage as at Powell. In some instances, where extensions have been proven, within six hours after a new well in new territory came in every off set location would have a derrick up and machinery moving in.

Throughout the eight miles, practically every location has been made and drilled.

This speed has been due to the huge flush production and to the many operators in the district, which has encouraged activity and prevented any single company from controlling the field. The Humble Company is by great odds the heaviest producer and the largest acreage owner. Its yield Wednesday surpassed the 105,000 barrel daily mark and that company has been busy for the past several days buying up all storage possible in the endeavor to take care of the record yield. On that day, the Humble pipe line company handled 109,000 barrels of oil and the Magnoila 53,000 barrels. The other four pipe line companies operating in this district, too, have joined in taking care of the output which is now beyond their capacity to handle and surface storage is being called upon to help the situation.

The production Wednesday was approximately 265,000 barrels and could have gone to 300,000 barrels had the gushers been opened up full and those waiting on the sands been drilled in. Many wells have been waiting on the sands this week until the storage and transportation problems were solved.

The Buttram Tidal gusher on the Crews is still holding up for 15,000 barrels daily. So is the Atlantic Kellum. The Buttram Tidal company has several wells on the Phillips and Crews ready to be drilled in as soon as transportation conditions justify.

Salt water has thus far encroached slightly on the edges. Most of the wells from the Ramsey lease Northeast are now on the pump. The Buttram Tidal wells on the Ramsey and the E. L. Smith Oil Company's Ramsey wells are exceptions, these producers showing a heavy production natural even yet.

The E. L. Smith Oil Company is now making around 8,000 barrels daily in the Powell field. The Keith 1, extension discovery well which came in last Saturday, is today making around 6,000 barrels daily. The company's No. 2 is in the chalk. Indications are that this will be a big well. Casing will likely be set tomorrow. No. 2 is being offset on the North by Mutual which got the chalk at 2065. This indicates that the fault line has not been found in that part of the field, and is encouraging. E. L. Smith's Keith 3 is drilling around 1,000 feet. Number 4 is spudding in; number 5 has set 10 inch casing, and numbers 6, 7 and 8 are rigging up.

Skelly is rigging up on numbers 2, 3, 4 and 5, offsetting the E. L. Smith's 5, 6, 7 and 8 Keith. The Simms Oil Company got the top of the chalk at 2032, southwest offset to E. L. Smith's Keith 1.

Simms also has a derrick on the northeast of the H. B. Boyd. The Humble is rigging up on the Ballard next to the T. & B. V. and 300 feet from the E. L. Smith Keith 1. The T. & B. V. is rigging up on the triangular tract which the road owners and on which permission was recently granted to drill by the oil and gas division of the Texas Railroad Commission.

Simms has a derrick on the Howell, directly offsetting Skelley Howell 2.

J. L. Collins et al, Friday entered the Austin chalk on the Ballard No. 1. This indicates a large producer. It is about 800 feet East of the E. L. Smith's Keith 1.

LITTLE FOXES

FABLE

The mountain and the squirrel
Had a quarrel;
And the former called the latter
"Little Prig."
Bun replied
"You are doubtless very big;
But all sorts of things and weather
Must be taken in together,
To make up a year
And a sphere.
And I think it no disgrace
To occupy my place
If I'm not so large as you
You are not so small as I,
And not half so spry.
I'll not deny you make
A very pretty squirrel track;
Talents differ; all is well and wisely put;
If I cannot carry forests on my back,
Neither can you crack a nut."
—Ralph Waldo Emerson

When nature gives a gorgeous rose,
Or yields the simplest fern,
She writes this motto on the leaves;
"To whom it may concern."
—John G. Saxe.

THE EDITORIAL OF THE DAY

TO THE YOUTH OF AMERICA—A MESSAGE
(Dallas News)

Keep thy heart with all diligence; for out of it are the issues of life.
—Proverbs iv, 23.

Notwithstanding this is called the Jazz Age and seems more or less deserving of that designation, there are today, as of yore, many a mother hiding a little Moses in the bulrushes of poverty and timidity, who may become a leader of his countrymen.

There are embryo Newtons watching falling apples; Franklins coaxing the lightning; Washingtons dragging surveyors' chains; Lincolns splitting rails, Columbuses balancing eggs before kings and queens in an effort to get means with which to discover unknown lands, Watts watching steam lift kettle tops; Stephensons visioning railroads; Edisonses with concepts of unimaginable electrical inventions, Henry Fords with patience and perseverance pegging away in woodsheds and shops; Wrights seeking to outwit natural law by co-ordinating and combining other natural laws despite the "impossibles" of self-styled philosophers and droopy wiseacres.

There are young Spurgeons and Talmadges, Beechers and Brookses Wesleys and Calvins Garretts and Truetts, fired with zeal and inspiration preparing to present the claims and merits of the Carpenter of Galilee to this sad old sin-cursed world.

Every Man his Own Sculptor

These we may say are all in the rough granite, awaiting the sculptor's mallet and chisel, consisting of the refining process of sacrifice and suffering to carve from them the perfect statue. Every one has his own block of marble to work on. It is up to him to shape it as he will. It is his privilege to carve out his own character. It is he who must wield the mallet and chisel. He is the captain of his own soul, the architect of his own fortune, the director of his own destiny. Obstacles-difficulties are to be overcome but that's what brains are for. Were no battles to be fought, courage would be a useless attribute.

The fellow depending on the luck inducing powers of horse hoes and rabbit's feet should have donkey ears. He will lack a mile of ever moving an inch toward the goal of greatness.

Resolve to battle your way through. Defy everything but God, and regularly invoke His blessing and guidance. It is, absolutely

Where the other fellow quits, you begin. Intelligence and power have not gone out of the world, and you have your share. Use it. Nerve yourself for the battle clean through to the end.

Courage and Patience Necessary

Listen, boy: Have you got the grit?
At what point do you stop?
What are you satisfied with?
You should not camp where your father fell.
How far can you go with the nemesis of regret and past failures following you?

Don't let the ghosts of the past rear themselves before you in such ghastly fashion as to frighten you from your purpose.

Don't let the hyenas who dig up buried corpses in the cemeteries of your feet, squirming and wriggling and hissing calumnies and infamies, distress you.

Don't allow the devils with forthy mouths and husky throats, with cloven hoofs and forked tongues, to terrify you.

Ignore and defy them all and go on your way determinedly and courageously. They will finally tire of their infamous efforts to destroy you. You will have to suffer, of course. Every one has to pass through a Gethsemane whose sorrow is in proportion to the good he would do.

Pay no attention to human cattle which run around tattling, gossiping and scandalmongering. They are sick. They have the "foot and mouth disease."

Still Heroes in the World.

There are little Davids slaying giant Goliaths, even as of old. There will always be found an Horatius to guard the bridge; a Leonidas who is willing to die at the Pass of Thermopylae.

And there are millions of men now standing at moral Verduns saying, "They shall not pass!"

Lessons from early defeats mean final triumph if you will it so. No one falls so low that he can not rise again, stronger and better for the experience.

There are lots of pages in your book of life on which you have never written a line, and you are now better qualified to fill them with words of wisdom and deeds of love than ever before.

Not so much depends upon the kind of sword you use as upon the skill, valor and energy with which you wield it.

It must be admitted that at this time when one who has a desire to do something worth while in the world; when he who yearns to be a benefactor of his fellows looks around upon the seeming jazzy mental attitude of the world in general, he is disposed to feel somewhat discouraged as to making the effort. He is wont to say, as did the poet, Dekker four hundred years ago:

This age thinks better of a gilded fool
Than a threadbare saint in wisdom's school.

You Are Needed

The fewer there are of those worth while the more imperatively YOU are needed.

Destiny does not mark out the pathway to success for you.

Fate holds no brief for you.

Fortune belongs to him who earns her.

If you think there is no opportunity, because of circumstances, but in spite of them.

How to Get There.

Select a goal and start toward it.

Decide upon a course and follow it.

When those of us who came off the farm went forth to plow the furrows for planting we wanted a straight furrow. In order to plow it straight we raised a pole with a white flag on it at the other side of the field and plowed toward it. There was only one way to make the furrow straight:

We kept our eyes on the white cloth, and not on the ground.

We didn't look at the plow; we looked at the flag at the other end of the row. We allowed nothing to distract our attention, or divert our eyes from our goal. It is the same way in the attainment of a useful, worth-while life.

Walk the straight road. Plow a straight furrow.

How It Is Done.

The real man makes stepping-stones of stumbling blocks.

Mightiness is common sense endowed with patience, persistence and perserverance. These are more than genius.

Genius all too often is erratic and undependable. It has capacity without guidance. It has ability without wisdom. It makes, but at times also mars.

It is not necessary that you inherit from your forbears prodigious intellectual powers in order to succeed.

It is not necessary that you be born and reared on Mt. Parnassus to acquire intelligence and good sense.

It is not necessary that you drink dry the Pierian spring to be fitted for a life of usefulness.

The more necessary thing is that you apply with diligence and common sense the knowledge you do have as you get it.

ionally placing the laurel wreath even upon the brow of mediocrity.

And it places it where it is deserved.

Failures should be made stairsteps leading to the top. There is no elevator to lift you there, so don't wait for it. You've got to climb. Abraham Lincoln was getting to be known as a chronic failure when success, the most glorious, folded her wings and perched upon his banner. Every man is greater after his trials than before he experienced them.

Attainment is always within reach of him who is worthy of it.

Only Saleb and Joshua of the twelve who went to spy out the land brought back favorable reports. The others were intimidated by giants and walled cities. "But my servant, Caleb, because he had another spirit with him, and hath followed me fully, him will I bring into the land whereinto he went; and his seed shall possess it."

The "other spirit" which Caleb had with him was the spirit of trust in God and the courage induced by such trust.

If you think you could plow the straight furrow and attain the goal without Him, you have failed before you start.

Failure would be hovering over you at the beginning and would be inevitable and deserving.

The signboards along the journey of life are not on the roadside, but in the farther one goes the wrong road, the farther he has to walk back.

We have to travel the right road or fail to arrive. "Verily I say unto you, he that entereth not by the door into the sheepfold, but climbeth up some other way, the same is a thief and a robber."

TIRED FEELING SURE SIGN OF TORPID LIVER

Touch Up Liver Tonight With Pepsinated Calomel—Tired Feeling and Biliousness Will Be Gone By Morning.

Nothing kicks back so quickly as a disordered liver. Pepsinated Calomel will give quick relief by thoroughly stimulating both the liver and kidneys, thus eliminating the poisons that are doing so much damage.

Calomel is recognized as practically the only medicine that will reach the liver. Others may relieve constipation, but they fail to touch the real cause of the trouble. However, ordinary calomel is so drastic in its action that many have deprived themselves of its liver cleansing power until they became acquainted with Pepsinated Calomel, which is not ordinary calomel. Because of its fine English Calomel it cleanses the liver thoroughly with no discomfort. It cannot nauseate or gripe.

Bennett's Drug Store and all reliable druggists recommend and guarantee Pepsinated Calomel to bring relief between sundown and sunup or your money refunded. Try it—we guarantee you'll feel better tomorrow. (Adv)

Humble Company At Powell Breaks Production Record

Field Now Is Soaring With 265,000 Bbls. Output Daily

With production exceeding all available storage and available pipe line facilities and soaring close to 265,000 barrels daily, the Powell area of the Mexia oil field district is now breaking all records for fields in the Southwest

Wednesday of this week the Humble Company alone produced 105,000 barrels of crude petroleum, which was the largest production in a single field ever established over a twenty-four hour period by any one company operating in the United States The next nearest approached was the Standard of California which has a record of producing 102,000 barrels in one field in one day.

Extensions made to the field during the past week indicate that the field has even greater possibilities of establishing a new record for daily output Shortly after the field was extended about six locations to the southwest by the completion of Tidal Oil Company and Frank Buttram's Cre 4-Lovett 1 with an initial production of 19,000 barrels during first 24 hours, the Atlantic Oil Producing Company's W S Kellum 1 an offset to the north was completed and gauged 700 barrels during the first hour and late increased its flow The most important extension was given the field Saturday when S. L Smith Oil Company's Keith carried the outpost of production more than a half mile to the to the [illegible] the T & B V railroad [illegible] the two deep [illegible] flow at 20 [illegible] hour on th gauge from the Woodruff pay at 2920 [illegible]

[illegible] the three [illegible] of the [illegible] series of [illegible] line started [illegible] and Buttrams [illegible] acre lease [illegible] at 20[illegible] feet and [illegible] feet The first three days [illegible] from this well [illegible] barrels on a daily [illegible] of 1994 barrels The big first producer brought in by Atlantic reported to have entered the pay [illegible] and drilled 11 feet in The [illegible] Simon Oil Company's [illegible] Wh [illegible] to lease has [illegible] drilling [illegible] into [illegible] contracted drilled owing to [illegible] between two day [illegible] feet [illegible] feet apart the Smith Company's producer is only about 2500 feet east of a 3300-foot dry hole drilled several years ago by R. L. Weeelock and associates in the Bragg survey.

The congestion experienced by some of the pipe line companies in the field in handling the unusually heavy production, resulting in some earthen storage being pressed into service on southwest end of the field, [illegible]pected to be only temporary. Add [illegible] gathering lines are being rush [illegible]om new completions to storage tan[illegible]ocated in the field, while Magnolia Petroleum Company is enlarging its pipe line system. Although the Prairie and Sinclair pipe line companies have been confining their runs from field to Humphreys (Pure) Oil Company's production, the former connected up with some of Tidal Oil Company and Frank Buttram's wells last week, and began running the oil

After having passed the 100,000 barrels mark in daily output in the field, thereby establishing a new record for the United States, the Humble Oil & Refining Company began negotiations with the Sinclair Pipe Line Company for use of the latter's trunk line from Mexia to the coast, but early this week Sinclair officials stated that no decision had been made. Humble's production has taxed the facilities of its two 8 inch lines leading out of the Powell field to the south for some time, while the surplus has been shipped out in tank cars, or diverted to tank farms in the field. Among the large producers scored by Humble during the past week was its L. T Davis 4, which came in making 567 barrels per hour from pay at 2918-68 feet This well is on a 73 acre lease containing three other producers and entirely proven for production.

Deeper drilling of the Roxana Petroleum Corporation's W. J. McKie 8-A, located on an outside location and on the northwest side of the structure, increased the flow to about 1200 barrels This well was reported as a 150 barrel pumper last week at 2916 feet, and has since been drilled to 2936 feet. This well is at one of the widest points in the field

J. K. Hughes Developing Company Drilling on 30 Acre Alexander Tract in Southern Part Of Powell

The J. K.Hughes Developing Company is sharing in the activity in the southwestern part of the undefined Powell oil field. The company's Alexander No. 1 is today down below 1,000 feet and bailing carefully to deep production depths at the rate of around 400 feet daily. Two wells are to go down immediately on this tract, according to announcements just made at the headquarters of the company here.

The Alexander is a lease adjoining the Cerf to the East. On the Cerf the Humble company already has production and additional wells are going down.

The J. K. Hughes Developing Company's acreage consists of 30 acres and is looked upon as very valuable property, as it is high on the structure and in line with the trend in that direction. It is looked upon as certain for large production.

The company already has 13 producers in the Powell pool, whose daily yield is steadily maintaining a level equal to that of any wells in the district in which they are located.

Production from Powell augmented by that at Currie give the company a creditable daily yield, far above many others who consider themselves fortunate and successful in the Powell pool. It was this company that drilled the first big well in the field, which unfortunately soon caught fire and many lives were lost before the flames had been exterminated. The two weeks of fire fighting necessary commanded the attention of practically every member of the J. K. Hughes organizations. While they were fighting the fire, the other operators and companies engaged since in Powell development were joining in a scramble for close in acreage and acreage in line with the apparent trend of the young giant pool. This unselfish sacrifice on the part of the Developing Company commanded the attention and respect of the entire fraternity.

At Marlin, the company is entering into the activity early in the life of that promising pool. A well is now being drilled on the Westbrook tract which will be completed within the next week. It is now down 2700 feet. Production is expected to be reached before the 3,000 foot level is penetrated.

At Gonzales, the Developming Company is also engaged in a wildcat test, which bears promise and which is holding the interest of oil scouts who have their eyes on that area.

Later this week, the Hughes tank farm at Powell was sold to the Humble Oil and Refining Company. The Humble Company has been buying every bit of storage possible in an endeavor to take care of the monster production of that company there. The Developing Company's tank farm consisted of 100 acres on the Mrs Ely farm and four large steel storage tanks had been constructed One of these was filled with J. K Hughes Developing Company's production, which was also sold in the deal. The consideration was not announced, but it is learned that it represented a large figure. After this, the Developing Company and other Hughes interests at Powell will sell their production direct and immediately upon its production.

Indians Claim They Are Deprived Of Their Own Money

CHICAGO, Oct. 19.—Methods used by the United States Government in handling funds belonging to American Indians were attacked by spokesmen for the "Original Americans" at a convention recently held here.

Indian spokesmen complained that of $35,000,000 held in trust by the United States Commissioner of Indian Affaids not a dollar is available to the Indian owners without the Commissioners' consent. Further, they say, altogether the Government holds their money in trust they have no proof of ownership.

"During some of the past hard times for us Indians," said Robert J. Hamilton of the Blackfoot tribe, from its reservation in Montana, "many of our people who were among the owners of this money in the bank found themselves in great need, some in actual want. But they were denied the use of the money."

Hamilton alleges many instances of "big" and "petty" graft by Indian agents.

"An agent in Oklahoma," he declares "defrauded Indians under his supervision of more than $100,000 Private investigators brought about this agent's conviction and he is serving a prison term now, but no recovery of the money was made, so far as I have been able to learn."

Hella Temple To Dedicate Hospital at Dallas Oct. 12.

DALLAS, Texas, Oct. 18.—From Texarkana to Amarillo petitions have been received for the Masonic degrees of the Scottish Rite to be conferred at the fall reunion which will begin in Dallas, November 12 and last for five days Equal interest is manifest in the territory lying north and south of Dallas several applications having been sent in from Gainesville, Sherman Denison, Bonham and other points

Additional interest will be added to the reunion schedule by the dedication of the Hella Temple Hospital for Children on Nov 15 This hospital, while erected by members of Hella Temple, is a statewide institution and will be open to all children in Texas, regardless of color race or creed. The only requirement being that the parents of the child are not financially able to pay for treatment of the child No pay patients will be received at the hospital on any basis It will operate as the one real free non-pay institution in Texas and will be the only one of its kind in the state

Scottish Rite Masons from all parts of the state will be in Dallas during the reunion week to witness the conferring of defirees and also to be present and participate in the dedication ceremonies which will be featured by the largest parade of Masons ever witnessed in the state

WINTER

Winter came last night. It came with a snap and a blustor and a whistle, as all northers come on Texas Little whirlwinds of dust shivered across the street, men pulled their hats down and their coats together, women held their skirts and scurried around the corners. We got out our sweaters and hunted the gas stoves out of the attic. It was winter and we were cold.

Not that we minded being cold There is really something extremely fascinating about winter. There was a strength in our bodies and brains this morning that had been strangely absent before. There was a snap and a vim fed red blood that clamored for action and triumph.

In the winter there is a dramatic reality that is lacking in the calm, balmy days of summer. There are the great variety of days from the bright clear frosty sparkly mornings to the gray drab rainy day that chills body and soul.

Another thing I love about the winter is the chance its cold gives one of being warm. A warmth that is really a soft delicious soaked in warmth, and not the sapping heat of the sun. Is there anything more delicious than curling up on a rug in front of a leaping fire on a freezing afternoon to doze and dream and read steeped in enough laziness to digust the jolliest jelly bean or the flappiest flapper that ever made their advent on this terrestial ball.

Truly winter is a wonderful season

Dallas Mayor To Clean Up River

DALLAS, Texas, Oct 19.—With the approval of the city commission of the plans of the new viaduct to Oak Cliff to relieve the congestion on the present one, comes the mayor's announcement of plans for the feautification of the unsightly Trinity River bottom

The section around the viaduct, street car trestles and railroad yards is an "unsightly tract resembling a dump ground" says the mayor. "By the employment of a few laborers to trim the trees, clean out the trash and by laying out a few drives the place could be made to look much better although it could never be made into a real park due to the river frequently rising out of its banks"

DALLAS—More favorable weather with a bright sun drying up the mud brought out a large crowd at the state fair yesterday when "Cattlemens Day" was held Hundreds of Texas cattlemen attended the exposition and more than 14,000 persons visited the fair yesterday, according to official figures Wednesday was the first day of uninterrupted good weather here since the fair opened five days ago In the state agricultural show, Hale county won first place by a margin of 16 points on a 1000 point basis. Floyd county was second among the 31 competitors and Ellis county third.

BAPTIST ANNOUNCEMENT

Enroute to Roanoak, Ala.
Mexia Daily News.
Mexia, Texas.
Gentlemen:

I am writing a few words about the man who will supply for me Sunday. It is hard to write on train, but that you couldn't read you can guess at.

Dr. J. M. Price, professor of Religious Education of the Southwestern Baptist Theological Seminary, Fort Worth, will supply for the pastor Sunday morning and night. Dr Price is known throughout Texas and the South as one of the greatest teachers and speakers on this subject. He is a soul stirring, dynamic, fluent and entertaining speaker. He addressed over two thousand college students last year at the Baptist Student Union at Baylor College. The consensus of opinion was that he was one of the best and most helpful speakers on the program. He will give holy enthusiasm to those who listen to him. Everybody come out Sunday and hear Dr. Price.

Thanking you very much, I am
Yours truly,
JOE JEFFERS.

Mexia Officials Invited To Fair

Mexia city officials have been extended invitations to attend the League of Texas Municipalities day at the State Fair in Dallas, October 24. Frank M. Stewart, Secretary, has extended invitations to all city officials in Texas.

The program for the day will start at ten o'clock in the morning with the morning session in the council chamber of the City Hall. The address of welcome will be made by Mayor Louis Blaylock of Dallas. Mayor E. R. Cockrell of Fort Worth, former president of the League, will deliver the response. Other addresses will be made my Mayor W. E. Lea of Orange, president of the League, and by Mayor O. P. Holcomb of Houston, vice president.

The afternoon session will be held at two o'clock at loud speaker of the Southwestern Bell Telephone Company at the Fair Grounds. Short addresses will be made by Mayors B. A. Steinhagen of Beaumont, John Tobin, San Antonio; J. P. Logan, Port Arthur; R. M. Dudley, El Paso; J. W. DeWeese, Paris; D. F. Howell, Cleburne; C. W. Middleton, Texarkana; C. H. Fulwiler, Breckenridge; Ben C. Richards, Waco, and others.

Married Her Hero

CHICAGO, Oct. 19.—Two months after rescuing Josephine Franklin from drowning, Thomas Alcock, policeman, rescued her from solitary life and made her his bride. "At first it was a case of hero worship, I guess," the bride said. "Naturally, I was very grateful to him for saving my life and we saw each other many times. So it was just natural that we should fall in love."

DRILLING ON MEAD SOUTHWEST OF THE PRESENT POOL

Drilling has been resumed on the Mead test on the W. N. Smith, 2 miles southwest of Navarro. New derricks are going up, indicating the belief that the trend is to swing in that direction, toward the old Richland pool. Work had been suspended for several days on this test.

The Allison Taylor Jackson test west of Grape Creek will be spudded in tomorrow.

W. T. Church left Thursday morning for Powell and will go to Dallas for the week-end.

U. OF T. BULLETIN TELLS OF RED RIVER SUIT

AUSTIN, Texas, Oct. 19.—Remarkable investigations made by Texas scientists in connection with the Texas-Oklahoma boundary suit are contained in a bulletin of 174 pages which has ujst been issued by the Bureau of Economic Geology of the University of Texas. The authors are Dr. E. H. Sellards, chief geologist in the Bureau; Prof. E. C. Tharp, ecologist and professor of botany in the University; and Dr. R. T. Hill, formerly connected with the University. A list of maps included in the bulletin shows that 49 original maps and drawings were made by the State of Texas to illustrate testimony submitted; of these, six maps and two drawings have been reproduced in the publication. Of 230 photographs submitter, 16 have been reproduced.

Investigations made by Texas were directed particularly to a determination of the age of the river valleys and to the habits ofthe river in building the valley lands. As a result, it is shown in the bulletin that the river valleys are for the most part more than 100 years old, and hence were in existence 100 years ago when the treaty was made with Spain and are thus a part of the State of Texas. Evidence was obtained from the timber and plant growth in the valleys from the thickness, diversity and character of the soils, from the methods of the accumulation of sand dunes, and from the fossil bison remains found in the valley. The habits of the river in building its valley land are likewise fully described.

Under the decision of the Supreme Court, all of the river valley lands on the Texas side including grazing and farm lands and homes remain in the State of Texas throughout the entire course of the river, where it forms the boundary. Of the oil wells involved in the controversy the greater number including all of those located in the river valley are restored to Texas ownership while a smaller number located in the bed of the river become the property of the United States.

Keep Too Much To Themselves

Many men and women of middle age feel that they have never had a chance to make anything out of themselves. But the main reason for it usually is that they left such things as pimples, rash, "breaking out," eczema, tetter, etc., on their face, neck, hands and arms make them feel that they are not wanted around and they keep to themselves too much.

You can get just as much out of life as anyone. All you need is confidence in yourself, which you get naturally when you rid yourself of these skin troubles, if you just use the wonderful Black and White Ointment. It is economically priced, in generous packages. All dealers have it. The 50c size contains three times as much as the 25c size. —(Adv.)

ROCHESTER DOCTOR ACHIEVES REMARKABLE SUCCESS WITH NEW PRESCRIPTION FOR PILES

ROCHESTER, N. Y. For years it has been known that many so-called remedies for the relief or cure of Hemorrhoids or Piles were simply palliatives and gave only temporary relief while surgical operations often adopted as a last resort never removed the cause but simply the formation.

It has remained for a well known doctor of this city to find the real remedy. Years of patient, painstaking effort on his part has resulted in a prescription that will actually heal piles and absorb them never to return.

No man or woman need suffer another hour from any pain, soreness or distress arising from Hemorrhoids or Piles now that this wonderful prescription known as MOAVA SUPPOSITORIES can be obtained for a moderate price at any first-class drug store on the money back if dissatisfied plan.

You'll be amazed to see how quickly it acts. Blessed relief often comes in an hour; even in cases of long standing with profuse bleeding, really wonderful results have been accomplished.

Remember the name, MOAVA SUPPOSITORIES, and be sure to follow simple directions that come with box. For sale by all good druggists.—(Adv.)

TURN HAIR DARK WITH SAGE TEA

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—(Adv.)

Physicians are prescribing and hospitals using a new and harmless yet very powerful germicide that not only causes enlarged or varicose veins and bunches to become normal but also reduces goitre, enlarged glands and wens.

Ask any first class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discoverey does not produce the results anticipated, you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directions advise and improvement will begin at once. Your druggist can supply you.—(Adv.)

CAN DO ALL HER WORK WITH EASE

Stella Vitae Built Her Up and Gave Her Strength, Says Mrs. Thurmond.

"I was hardly able to get around before taking Stella Vitae, but now I can do all my work with the greatest ease," said Mrs. B. A. Thurmond, of Inez, Texas..

"My work is very confining and some time ago I felt it was wearing me out and I was threatened with a breakdown. I lost my strength and became so weak and rundown I was hardly able to go. I felt tired and worn out and it would nearly kill me to get up in the morning to start to dress.

"I had heard much praise of Stella Vitae and what good it was doing others. I got a bottle and felt better after taking it. I kept it up and took about five in all and now I am feeling fine.

"It built me up and gave me the strength and energy I needed."

Stella Vitae may be obtained from the Mexia Drug Company and the purchase price will be refunded if it fails to bring relief.—(Adv.)

WONDER DOG PLAYS IMPORTANT ROLE IN NEW FILM

If you love dogs—and there are very few of us who don't—you must not fail to see "Jacqueline" or "Blazing Marriers," the newest Arrow-Curwood special production that great new picture which will be shown at the National Theatre tomorrow. For in the cast of this magnificent production is Taxie, a dog of almost superhuman intelligence.

Taxie plays a most important part in the development of the plot, and according to Dell Hendreson who directed the picture, he was infinitely easy to handle.

"Taxie knew what was expected of him and di it almost without a word from me" said Mr. Henderson. "Where I would have to rehearse certain players in certain scenes time and time again to get the effect I was after, I merely had to talk to Taxie, giving him the idea of what I wanted done and, lo and behold, it was done!

"All of which, I know, sounds incredible to a great many people, and to them I can only say that they don't know Taxie. He is without a doubt the most remarkable animal I have ever come in contact with and I feel confident that all those who see his splendid work in the picture are going to agree with me."

ABILENE HAS MODERN PAPER

ABILENE, Texas, Oct. 19.—Abilene boasts one of the largest Sunday newspapers in West Texas. CITATION BY PUBLICATION
THE STATE OF TEXAS,

To the Sheriff or any Constable of Limestone County—Greeting.

You are hereby commanded to summon Rufus Ellis by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be holden at the Court House thereof, in Groesbeck, exas, on the first Monday in November, A. D. 1923, the same being the 5th day of November, A. D. 1923, then and there to answer a petition filed in said Court on the 3rd day of October, A. D. 1923, in a suit, numbered on the docket of said Court as No. 3796-B, wherein Elmeta Ellis is plaintiff, and Rufus Ellis is defendant, and said petition alleging that plaintiff and defendant were legally married March 9th, 1917, and lived together until about two years ago; that defendant pursued a course of cruelty and abuse toward plaintiff that was of such a nature as to render their further living together insupportable: Defendant failed to support plaintiff, failing to supply her with either food or clothing; that he often abused plaintiff physically by fighting and whipping her, and that he associated with other women in adulterous actions.

Wherefore, plaintiff prays that defendant be cited in terms of law to appear and answer, and upon hearing that she have judgment dissolving the bonds of matrimony between plaintiff and defendant.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Groesbeck, Texas, this the 11th day of October, A. D. 1923.

NOTICE OF SHERIFFS SALE
THE STATE OF TEXAS
County of Limestone.

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District court of Limestone county, of the 12th day of October, 1923, by the District Clerk of said Limestone county for the sum of Eight Hundred Eighty 35-100 dollars and costs of suit, under a Vendor's Lien, in favor of H. W. Green, in a certain cause in said court, No. 3517-A and styled H. W. Green vs. Maud Whitley, Lena Mae Whitley, John Whitley, W. A. Green and Omie Green, placed in my hands for service, I, Whit Popejoy, as sheriff of Limestone county, Texas, did, on the 12th day of October, 1923, levy on certain real estate, situated in Limestone county, Texas, described as follows, towit:

All that certain lot or parcel of land lying and being situated in Limestone county, Texas, and being 45 acres more or less out of the Pedro Varela Eleven League Grant, beginning at the corner of Bennett's land in the Groesbeck and Hubbard Road; Thence S. 60 W. 107 yards to a corner of the Abernathy tract; Thence N. 30 W. 535 varas to said road; Thence on a direct line with said road to the beginning and levied upon as the property of Maud Whitley, Lena Mae Whitley, John Whitley, W. A. Green and Omie Green, and that on the first Tuesday in November, 1923, the same being the 6th day of said month, at the court house door of Limestone county, in the town of Groesbeck, Texas, between the hours of 10 a. m. and 4 p. m, by virtue of said levy and said order of sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said Maud Whitley, Lena Mae Whitley, John Whitley, W. A. Green and Omie Green.

And in compliante with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Mexia Daily News, a newspaper published in Limestone county.

Witness my hand, this 12th day of October, 1923.

CITATION BY PUBLICATION
THE STATE OF TEXAS,

To the Sheriff of any Constable of Limestone County—Greeting:

You are hereby commanded to summon S. W. Johnson, J. W. McWilliams, H. P. Tate by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be holden at the Court House thereof, in Groesbeck, Texas, on the First Monday in November, A. D. 1923, the same being the 5th day of November, A.D. 1923, then and there to answer a petition filed in said Court on the 12th day of October, A. D. 1923, in a suit, numbered on the docket of said Court as No. 4007-B, wherein A. E. Rosson and J. L. Cogdell are Plaintiffs and S. W. Johnson, O. L. Lusk, W. R. Jones, J. W. McWilliams, H. P. Tate, and Texas Trust Company are Defendants, and said petition alleging that on January 21, 1921, plaintiffs jointly executed a drilling contract and contract for leases to be executed and delivered to defendant, S. W. Johnson; that said contract is of record in Volume 111, page 206, deed records of Limestone County, Texas. That in pursuance of said contract plaintiffs did execute and deliver to S. W. Johnson (whose initials in A. E. Rosson instrument by inadvertence were reversed and show as W. S. Johnson) Oil and Gas leases covering Blocks or lots 5, 7, 13, 18, 19, 26, 27 and South half of Lots 20 and 25 and 200 acres' out of the P. Lloyd and D. Varela surveys, together with lots 47, 48, 49, 50, 51, 52, 53, 54, 55 and 57 (as shown by map and plat of the A. E. Rosson 1073 acre ranch and a portion of the J. L. Cogdell Estate. That the total acreage of both leases was 684 acres, 400 being out of the Rosson land and 284 out of J. L. Cogdell Estate, that the lease contracts are recorded in the deed records of Limestone County, Texas, in Vol. 112, page 173, and Vol. 113, page 387, which records give complete discriptions of the lands leased. Each of said leases provides as follows: "Should the first well drilled on the above described land be a dry hole, then and in that event if a second well is not begun on said land within twelve months thereafter, this lease shall terminate as to both parties, unless the lessee, on or before the expiration of said twelve months, shall resume the payment of rental in the same manner as hereinbefore provided."

That said S. W. Johnson and his assigns did drill one well on said lands in accordance with the conditions of said drilling contract and leases; that said well was finished and abandoned before and on the 18th day of August, 1921, said being a dry hole or non-producing well.

That no other well was begun on said premises until more than one year after the abandonment of said well on August 18th, 1921; that no one paid any rental on said land or any portion of it, on or before the expiration of one year after the said abandonment, nor has any one paid a rental thereon until this day, thereby forfeiting all rights under the said leases.

Plaintiffs further aver that said S. W. Johnson and his assigns assigned to defendants W. R. Jones, O. L. Lusk, J. W. McWilliams and Texas Trust Company, at several and diverse times various and diverse interests in various and different and in overlapping acreages covered by the above said leases and leased premises; that though some of them have assigned portions of their interest and released parts of their respective interests, yet each party named still holds in his name certain purported respective interests in parts of the above said premises and leased acreage, having failed and refused to release same in accordance with the law applying to lessees, and their releasing such interest on forfeiture of same or an abandonment of efforts to develop same. That said H. P. Tate avers certain interests existing under a memorandum agreement between himself and W. C. Rosson, who had no legal right or power to bind said plaintiffs or either of them, thereby deriving no interest under any instrument of writing given and executed by W. C. Rosson.

Plaintiffs aver that they have been damaged in a sum of $500.00 in that they expended money and attorney fees in bringing this suit as well as loss of time to themselves, all of which damage amounts to $500.00 or more.

Wherefore, premises considered, plaintiffs pray the court that citation issue to defendants, and that upon a hearing that they be granted judgment declarng all said leases to S. W. (W. S.) Johnson, together with all assignments under said leases or either of them, null and void and of no further force or effect, and for judgment in the sum of $500.00 as damages against defendants for their having failed and refused to relaese their purported interests in and to said lands, and for their costs in this behalf incurred, and such other relief as they may be entitled.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Groesbeck, Texas, this the 12 day of October, A. D. 1923.

NOTICE OF SHERIFFS SALE
THE STATE OF TEXAS
County of Limestone.

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Limestone county, of the 13th day of October, 1923, by the District Court of said Limestone county, for the sum of Seven housand, Two Hundred Sixty dollars and costs of suit, under a vendor's lien, in favor of J. Sanford Smith and Phil Karner, in a certain cause in said court No. 2885, and styled J. Sanford Smith and Phil Karner, vs. C. I. Spencer, A. R. Jameson and D. L. Campbell, placed in my hands for service, I, Whit Popejoy, as sheriff of Limestone county, Texas, did, on the 15th day of October, 1923, levy on certain real estate situated in Limestone county, Texas, described as follows, towit:

Being lots fourteen (14) fifteen (15) seventeen (17) and eighteen (18) in division S. in the city of Mexia, Limestone county, Texas, and levied upon as the property of C. I. Spencer, A. R. Jameson, and D. L. Cambell, and that on the first Tuesday in November 1923, the same being the 6th day of said month, at the court house door of Limestone county, in the town of Groesbeck, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said order of sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder as the property of said C. I. Spencer, A. R. Jameson and D. L. Campbell.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Mexia Daily News, a newspaper published in Limestone county.

Witness my hand this 15th day of October, 1923.

WHIT POPEJOY,
Sheriff Limestone County, Texas.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded, that you summon by making publication of this Citation in some newspaper published in the County of Limestone if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, Jesse Bond and Abe Goodman whose residence is unknown, to be and appear before the Hon. County Court, at the next regular term thereof, to be holden in the County of Limestone, on the 5th day of November, A. D. 1923, same being first Monday in November, 1923, at the Court House thereof, in Groesbeck, then and there to answer a petition filed in said Court, on the 25th day of July A. D. 1923, in a suit numbered on the docket of said Court No. 918, wherein D. A. Kerzee is plaintiff, and Jesse Bond and Abe Goodman are defendants.

The nature of the plaintiff's demand being as follows, towit:

Plaintiff alleges, that on October 25th, 1922 defendants made, executed and delivered to this plaintiff their certain promissory note for the sum of $633.17, payable to the order of plaintiff at Mexia, Texas, due and payable on the 10th day of March, 1923 bearing interest at rate of 10% a year from its date until paid, and providing for 10% additional on the amount of principal and accrued interest as attorneys fee and to pay all expenses of collection and costs of court, if it should not be paid at maturity, whereby defendants became liable and bound, individually and collectively, to plaintiff and promised to pay to plaintiff the sum of money specified in said note, all accrued interest, and attorney fees and costs of collection, including court costs, according to the tenor and effect thereof.

That plaintiff has placed said note in the hands of attorneys for collection and has contracted and agreed to pay them 10% stipulated for in said note, same being reasonable and the usual and customary attorney fee in such matters. That said note is past due and unpaid; and defendants, though often requested, have failed and refused heretofore and now fail and refuse to pay said note or any part of it, to plaintiff's damage in the sum of $1000.00, in that he has lost his principal sum, his interest thereon and the investment and earning power of said principal and interest since March 10th, last, and has contracted to pay the attorney fee provided for in said note and is under obligations to pay the court costs, etc.

Wherefore, plaintiff prays the court that defendants be cited to appear and answer this petition, and that he have judgment for his principal sum of $633.17, for interest thereon since October 25th, 1923 at rate of 10% a year, for his attorney fees as provided for in said note, for his costs of suit, for all costs expended in this behalf, and for his damages over and above these items, making a total judgment of $1000.00, and for such other and further relief, general and special, in equity and in law that plaintiff may be justly and legally entitled to, and in honor bound will ever pray, etc.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Groesbeck, this, the 11th day of October, A. D. 1923.

To the Sheriff or any Constable of Limestone County, Greeting.

You are hereby commanded to summon David Collins by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District court of Limestone county, to be holden at the court house thereof, in Groesbeck, Texas on the 1st Monday in November A. D. 1923, the same being the 5th day of November, A. D. 1923, then and there to answer a petition filed in said court on the 6th day of October, A. D. 1923, in a suit, numbered on the docket of said court as No. 3913-B, wherein Mamie Collins is plaintiff and David Collins is defendant and said petition alleging Plaintiff sues defendant for divorce on the grounds of abandonment for more than three years.

Herein fail not and have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court at office in Groesbeck Texas, this the 6th day of October, A. D. 1923.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon J. R. Alford by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper in your County, to appear at the next regular term of the District Court of Limestone County, to be holden at the Court House thereof, in Groesbeck, Texas, on the first Monday in November A. D. 1923, the same being the 5th day of November A. D. 1923, then and there to answer an amended petition filed in said Court on the 4th day of October, A. D. 1923, in a suit, numbered on the docket of said Court as No. 2456, wherein Berry Barnett Grocery Company, a corporation, is plaintiff, and N. F. Ferguson, J. A. Underwood, C. B. Jackson and J. R. Alford are defendants, said petition alleging that N. R. Ferguson, J. A. Underwood and C. B. Jackson are partners and doing business under the firm name of Commercial Hotel Company, and J. R. Alford was doing business under the trade name of the Rex Cafe; that plaintiff at the special instance and request of the defendant, Commercial Hotel Company sold to them on the several dates specified in an account certain goods, wares and merchandise being groceries needed in running said business; that in consideration of the sale of said goods, defendant promised to pay therefor the amount charged in said account, being $604.20; that on October 14, 1921, plaintiff at the instance and request of defendant Rex Cafe sold and delivered to it goods, wares and merchandise which said Rev Cafe agreed to pay to the amount charged therefor same being $620.68, that said cafe was run by J. R. Alford until December 16, 1921, when he sold an interest in said cafe to the Commercial Hotel Company; that at that time said cafe owed this plaintiff the sum of $589.88; that on or about December 16, 1921, J. R. Alford doing business under the name of Rex Cafe being indebted to the Mexia Wholesale Grocery Company in the sum of $573.91 the said N. R. Ferguson, and J. R. Alford represented to plaintiff that the said sum of $573.91 would not have to be paid within thirty days if he, the said Ferguson, would purchase an interest in the Rex Cafe; that said Commercial Hotel Company would pay said $573.91 within thirty days; plaintiff agreed to said contract and in pursuance thereof the said Ferguson, Underwood and Jackson purchased an interest in said Cafe and in consideration therefor promised to pay plaintiff and the Mexia Wholesale Grocery Company the amount mentioned. That the said J. R. Alford transferred to the Mexia Commercial Hotel Company an interest in the Rex Cafe and placed them in possession thereof.

Plaintiff would show to the Court that on November 8, 1921, and January 13, 1922, the Mexia Wholesale Company sold and delivered to the Rex Cafe certain goods, wares and merchandise being groceries for which said Cafe agreed to pay the amount set out in said account the total being the sum of $620.26; that J. R. Alford at that time was the owner of said Cafe, the said Alford being indebted to a number of persons among whom was the Mexia Wholesale Grocery Company who sold to said Commercial Hotel Company the said Rex Cafe, agreed to pay said Mexia Wholesale Grocery Company the indebtedness that the Rex Cafe then owed the Mexia Wholesale Grocery Company. And afterwards incurred debts to the amount of $106.35 which it promised to pay the Mexia Wholesale Grocery Company. That afterwards the manager of the Rex Cafe gave to said Grocery Company its check for $492.71 which check was turned down and not paid. That on January 14, 1922, said Hotel Company gave a check to said Wholesale Grocery Company for the sum of $106.35 which check was turned down.

Plaintiff would show that it has purchased of said Mexia Wholesale Grocery Company for a valuable consideration the indebtedness due said Grocery Company from the Rex Cafe and the Commercial Hotel and the same has not yet been paid and plaintiff is entitled to recover said account.

That all of the said accounts are due and unpaid, and the defendants and each of them have refused to pay any part to plaintiff's damage in the sum of $1845.14.

WHEREFORE, plaintiff prays the court that defendants be cited to appear and answer this petition; that upon a trial hereof they have judgment for said $1845.14 with interest cost of suit, and such other and further relief, as it may be entitled.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Groesbeck, Texas, this the 4th day of October, A. D. 1923.

Give Your Sole a Genuine Treat

You have thrown many a pair of good shoes away just becaues the soles were worn through. Perhaps the counters were out of shape, and the welts may have been "shot". Don't do it again. No matter what the condition of the shoe, if the upper is good we can rebuild it and make it almost like new. Perhaps there is a pair of shoes in your closet right this minute that need attention. Bring them to us and permit us to advise you. They may be saved, and many more weeks of wear put into them at very small expense. Be thrifty—have 'em repaired.

All indications point to a record breaking crowd at the local gridiron this afternoon where the Mexia Black Cats clash with the strong Waills Bulldogs, we believe we will see a fight to the finish game because much depends on this game in deciding district honors.

The Texas Longhorns have got a tough job before them tomorrow. The Giants could not make it three years in succession and we do not believe Vandy can do it.

The Longhorns will stop over in Waxahachie Friday night and possibly get in a few hours practice there in order to break the monotony of the trip to Dallas.

It is reported that Vandy outweighs Texas about fifteen pounds to the man but remember the saying "the bigger they are ,the harder they fall."

Bible's Texas Aggies will tangle with the Louisiana State University at Baton Rough tomorrow which promises to be a real football game.

The Corsicana Tigers will meet the Ennis team Friday afternoon at Gumbo Buster Park in Corsicana, this is the third game for the Tigers and Coach J. W. Stephenson has corrected all of the weak spots in his team which should show up fine in today's game.

Homar, Vanderbilt All-American end will be the center of attraction on the Commodores' team in Saturday's game and we expect the Longhorns are going to have to watch their step around Homar's end.

The Texas Aggies may have a little more trouble than they are expecting with L. S. U. tomorrow. This is the first year that the Louisiana squad have had a real first class coach in several years. Mike Donohue an old time Yale football star and a successful coach at Auburn for twenty years is going to be mighty hard to beat. He has the reputation of making a winning team out of what is considered poor material.

Papyrus and Zev plunge off for the first international match horse race in history tomorrow at Belmont Park. Both horses went through their last long workout yesterday and are at top form for the match.

The sixty-piece Longhorn Band of the Texas University and the forty-one Texas Cowboys will accompany the team to Dallas Saturday. They will give a parade on the streets of Dallas Saturday morning in full uniform. A large number of rooters will be present from Mexia and are confident that the Longhorns will bring home the bacon.

M. Queen from Corsicana was a visitor here Friday.

Safety First Encouraged In Powell District

Accidents in the Powell oil field have possibly been more numerous since its discovery nine months ago than in any field in the United States. It is stated by those who have investigated the accidents that most of them have been due to neglect and carelessness on the part of the injured persons. It is also probable that in the haste and hurry, recklessness has been encouraged. In some instances as many as twenty five accidents have been recorded in one day and that many carried to hospitals. The subject is receiving much attention in the field and Safety First campaigns are being thought of.

PIERCE-FREEMAN STORY TO APPEAR SOON

A complete story of the Pierce-Freeman case which resulted in a hung jury when tried at Groesbeck for nearly three weeks will be given in The Mexia Daily News within the next few days. Various attorneys, including I. W. Keys, have agreed to help in this connection and on account of Mr. Keys being in Dallas today, the story could not appear in this issue.

The Humble Company completed its Davis 6 Wednesday night for 140 barrels hourly.

MACON, Ga.—Young Stribling knocked out Steve Choynski here last night in the fifth round.

New Lamp Burns 94% Air

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. T. Johnson, 609 W. Lake St., Chicago, Ill. is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to explain how you can get the agency, and without experience or money make $250 to $500 per month. —(Adv.)

Says His Prescription Has Powerful Influence Over Rheumatism

Has Also Proven Remarkably Successful in Severe Cases of Rheumatic Neuritis.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. —(Adv.)

SULPHUR CLEARS ROUGH RED SKIN

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.

DRINK WATER TO HELP WASH OUT KIDNEY POISON

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal acthivity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidney's active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system, so they no longer are a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.—(Adv).

CLEM GRAY IS SENTENCED TO DEATH

ST. PAUL GETS NEXT LEGION CONVENTION

My Own May Substitute For Zev In Races

Substitution Is Proposed As Zev Shows Up Sick

WASHINGTON, Oct. 19. — My Own and not Zev may race against Papyrus in the $100,000 international race at Belmont Park tomorrow, Rear Admiral Cary T. Grayson, owner of the colt, believed today.

As My Own was being shipped from the Laurel, Md., race track to New York, to be ready to race in event Zev does not face the barrier against the English horse, Grayson said he was informed over long-distance telephone by a representative of August Belmont, president of the Jockey Club, that "you will not regret it if you send My Own up here."

Grayson's colt already has been selected as second choice of the United States if Zev is found not ready to run.

By FRANK GETTY
(United Press Staff Correspondent)

BELMONT PARK RACE TRACK, New York, Oct. 19.—Lumps have broken out over the body of Zev, which was to have met Papyrus in the international stake race tomorrow.

This information was obtained by the United Press today from a personal representative of Major August Belmont.

My Own, Admiral Cary T. Grayson's crack 3-year-old is almost certain to go to the barrier and meet the English Derby winner Saturday afternoon.

Announcement to this effect was expected from the Jockey Club later today.

The sickness, of a nature as yet undisclosed which attacked Harry F. Sinclair's Zev on the eve of the greatest international horse race in years, struck suddenly Thursday.

This accounts for the fact that Zev was not shown to the public yesterday or today.

Prominent veterinarians are examining the Sinclair colt. On the whole of Zev's body the mysterious lumps appeared. Their veterinarians will give their decision later.

Papyrus is ready to meet My Own if it is found that the contract under which the English horse was brought here provides for such an eleventh hour substitution.

Sam Hildreth, Zev's trainer, would not comment on the condition of his horse and there were many who felt he might still go to the post.

Papyrus had a brisk canter this morning and pulled up very fit. He will not work again before the match race.

Those who have bet on Zev were thrown into confusion, by the possibility of a substitution and there were many arguments as to whether the bets placed on Zev would stand as made on My Own, in case Grayson's colt replaced the Sinclair star.

Despite the announcement about the lumps from which Zev was reported suffering, the American horse appeared on the track about 9:10 a. m. and worked half a mile in a gallop at 47 seconds. As he flashed past the stands Zev showed no signs of the reported malady, but he was hustled around the barn and back to the Rancocas stables before any of the turfmen had an opportunity for close inspection.

The work out which was at a swift gallop, came as a complete surprice and only a handful of clockers and newspaper men were at the rail.

Zev's gallop was not particularly impressive, but he went along well with LaVerne Fator up.

The run made tomorrow's program all the more uncertain. Where early in the morning the statment concerning the lumps that appeared on the horses's body led everyone to expect My Own would be substituted the appearance of the Sinclair colt made it possible that he might yet go to the post.

POWELL FIELD IS NOW VERY ACTIVE

Recent rains have not been as heavy in the Powell area of the Mexia oil field district as in the Fishpond, Golden Lane and at Currie. The roads are drying rapidly and the week end finds activity going forward at an unprecedented rate.

Wm. D. Mayfield, of Waco, was in Mexia today.

FORMER BRECKENRIDGE WORKER MIRACULOUS ESCAPE FROM DATH IN ACCIDENT IN POWELL POWELL

One of the most unusual and miraculous escapes from sudden death occurred in the Powell area Wednesday. A. R. Brown, 26, was caught and whirled around a cat head eleven times on the Louval Drilling company rig. It is reported that a line had been attached to the tool pushers car, pulling it out of the mud, and the line broke, catching Brown's glove and drawing him into the cat head and spinning him around.

The injured man lost consciousness on the second trip around the cat head. He was rushed to an emergency hospital. No bones were broken, according to statements by attending physicians. It is believed his recovery is certain, although badly shaken and bruised.

Oasis Reopens Better Looking Even Than Ever

The Oasis has reopened in the Houx building, after being closed several months following a disastrous fire suffered by this popular place. The American Legion hall, on the second floor of the building, was also damaged in the conflagration. This, too, has received repairs and the Legion is now meeting in it regularly each week.

The club rooms are as comfortable as ever members assert.

A. E. Epperson, proprietor of the Oasis, has been supervising repairs for several weeks and the place is now more imposing in appearance than ever. It is one of the finest confectionery and drink stands in this section of the state.

Marcus Corley is assisting Mr. Epperson for the first few days. Other members of the Oasis force are: Bob McDonald, D. V. Kirkpatrick, B. Albright, J. A. Stanley and Miss Eva Hampton.

Mr. Epperson states that he believes Mexia is yet facing a future of real business activity and growth and he has not hesitated in the investment of many thousands of dollars in the Oasis.

GULF PRODUCTION NOW OVER 20,000 DAILY AT POWELL

The Gulf production today is better than 20,000 barrels at Powell. This company now has 42 producers in that pool and 13 drilling operations. These are as follows: 3 on the Barron; 1 on the Bush and 9 on the Crews.

FIRST PRESBYTERIAN CHURCH

Services will be conducted Sunday, Oct. 21, 1923 at 11 a. m. and 7:30 p. m. by Dr. Brooks I. Dickey of Dallas, Texas.

You will enjoy hearing the gospel messages Doctor Dickey brings to his hearers. Strangers in the city are especially welcome. Come and worship with us.

Sunday afternoon at 3 p. m. the officers of the church Elders and Deacons meet. A full attendance is earnestly requested. Important. Come.—G. A. Lyell, clerk of session.

FIRST M. E. CHURCH

The conference year closes early in November. However, the stewards are trying to close up the finances of the church within the next ten days. The fourth quarterly conference meets the 28th of October, and all finances are supposed to be in hand at that time. See your steward.

The pastor will preach at 11 a. m. and 7 p. m. Note the change in the hour for the night service.

Prayer meeting at 7 p. m. also.

Can you give a satisfactory reason for not going to Sunday school?

IMPEACHMENT OF WALTON HELD UP UNTILL MONDAY

OKLAHOMA CITY, Oct. 19.—Filing of impeachment charges against Governor J. C. Walton resulting from the House investigation will not be ready before the first of next week, according to House committee leaders today.

A large amount of testimony to be transcribed and the calling of additional witnesses before the House investigators was given as cause for the delay of the charges, expected ready today.

"We have received more evidence than was anticipated," W. E. Disney, chairman of the House Impeachment Committee, declared.

"However, there are several important witnesses to be heard yet," he stated.

Brief session of both houses were planned for 1:30 this afternoon after which adjournment until Monday will be taken in order to allow the committee to complete their search.

HUMPHREYS OUTPUT 50,000 BARRLES EVERY 24 HOURS

The daily yield for the Humphreys Oil Company's Powell and in Golden Lane is now around 50,000 barrels. At Powell the yield for this company is around 26,000 barrels, coming from 64 producers. The company has ten drilling operations at present.

Rely C. Woods was here Friday from Waco.

Will Go To Paris In 1928

SAN FRANCISCO, Oct. 19.—The election of national officers is the chief business of the American Legion convention following the selection of St. Paul for next year's convention. It voted also to meet in Paris in 1928.

Klan Condemned

SAN FRANCISCO, Oct. 19.—The fifth annual convention of the American Legnon convened for its last session today. Election of national officers, meeting of the national executive committee and the grand closing celebration tonight was scheduled as its final activities.

The convention adopted the proposed anti-Ku Klux Klan resolution late Thursday after a brief debate. While the resolution did not mention the Klan by name specifically, it condemned organizations which "fostered racial, religious and class strife."

"THE BROKEN VIOLIN" AT THE NATIONAL

With Rita Rogan, the seven year old girl star, Dorothy Mackaill, Zena Keefe, and Reed Howes in the leading roles, the National Theatre is preparing to show another of the super-specials, when it presents "The Broken Violin" today and tomorrow.

Thrills, laughs, tears, suspense, heart-interest and mystery are all cleverly blended in this super-production, which is bound to make a strong appeal to men, women, and children alike. It is one of these plays in which all the elements that constitute the human emotions predominate, and bring home to the people many like experiences in their own lives.

Ben F. Stollenwerck spent Thursday in Dallas seeing the fair and attending to some city business.

Oklahoma Death Toll Stands At Seven To Date

OKLAHOMA CITY, Oct. 19.—With the known flood death toll in the State standing at seven and several other persons believed casualties, flood crests in State streams were hurrying eastward and southward today. Possibility of an Arkansas flood menace was seen today with the coming juncture of Arkansas and Canadian River floods in the extreme Eastern part of the State in the next few days.

Two additional bodies, bringing the known death toll to four, were found here late yesterday. The body of Mrs. Jennie Ellis, Salvation Army worker, was found in her house which was lodged a few miles below the city. The ing when her home toppled into the woman met death early Tuesday morn- North Canadian River here.

The fourth victim found was an unidentified man, believed to have been swept out of the lowlands above the city.

Mrs. R. H. Loose and daughter Clara were swept to their death here early Tuesday. Four other persons were listed as missing here today.

The subject of the sermon Sunday morning will be "The Indestructible Kingdom." (Dan. 2:44).

The subject Sunday evening will be: "Dads and Lads", which will be given in honor of "Fathers' Day." I want the dads to bring the lads and the lads the dads and hear this special message. There will also be some special music given at the evening service that you will enjoy.—G. T. Reaves, *Minister*.

N. H. Pierce, former foreman of The News mechanical department, dropped off here today enroute to his home in Menard from the state fair. Mr. Pierce is looking well and says the baby, that was born here, is nearly grown.

Girls Mail Out Much Mail For Dr. Fred Cook

FORT WORTH, Texas, Oct. 19.—Fifty-three girls were employed in the mailing department of the Petroleum Producers association and more than 300,000 pieces of literature were mailed out in one week, according to testimony of Miss Virginia Brown in the trial of Dr. Frederick A. Cook and his associates on charges of misuse of the mails.

Miss Brown said she was formerly employed in the mailing department of the company, promotion of which is being investigated by the government. As many as 15,000 circulars a day were mailed out she said.

Oscar Cole, Nevada, Iowa, testified that he did not know the oil business was speculative while being questioned as to his purchase of shares of stock in the Burk-Hoyt oil company.

L. J. Thompson, Storey City, Iowa, declared he bought $1000 worth of Burk-Hoyt stock and transferred it to the Petroleum Producers association when the companies were "merged."

George E. B. Peddy, Houston, appointed as special government assistant in the prosecution of mail fraud cases at Houston was a spectator at yesterday's session of court here.

Ford Sentiment Governors Say Spreading In U. S.

WESTBADEN, Ind., Oct. 19.—Ford for president sentiment has crystalized sufficiently for voters to give serious consideration to Ford's proposed candidacy, according to governor's of thirty states at the annual conference. The governors discussed prohibition in executive session. The governors of Tennessee and Alabama declared the Ford boom has made little if any headway in the south. Underwood and McAdoo seem to be the democratic south's selections... Republican governors declared that Coolidge will receive that party's unanimous support. They mentioned no other possible republican candidates. The governors signed a memorial calling on the government to aid in enforcing prohibition, and promising their co-operation Governor Sweet of Colorado drafted the measure. Several governors refused to sign the original resolution, and Sweet, with the aid of Pinchot and Trinkle of Virginia, drafted a compromise measure.

FARMERS TESTIFY AGAINST DR. COOK

FORT WORHT, Texas, Oct. 19.—Middle west farmers told how they had been led by Dr. Cook literature to invest in oil stocks. They identified letters and circulars from Cook and twenty-one associates. The letters were read to the jury.

GLIMPSES FROM SIDELINES

LAWRENCE, Kas., Oct. 19.—Coach Clark and 26 members of the Kansas grid squad left here last night for Lincoln, where they clash Saturday with Nebraska. A special train of rooters will leave for Lincoln tonight.

MANHATTAN, Kas., Oct. 19.—The Kansas Aggies, well groomed in an aerial attack, left last night for Ames, where they meet the Wild Cats tomorrow. Captain Nichols, with an injured knee, will not be in the line-up.

LINCOLN, Neb., Oct. 19.—The Corn Huskers held final scrimmage behind closed doors in preparation for the annual battle with Kansas tomorrow. Captain Lewellen will not appear in the lineup as a result of an infected knee.

John Wall Returns

John Wall, former editor of the American Oil Examiner of Mexia, who recently returned from California is a visitor to the Powell area of the Mexia oil field. Mr. Wall has many friends here who will be glad to see him back in the busiest oil field in the southwest.

Jury's Verdict Given Before A Crowded Court

MOUNT PLEASANT, Texas, Oct. 19.—The death sentence was recommended by the jury in the rial of Clem Gray for the murder of Otis Ballard. The jury brought in its verdict shortly before noon, after being out since yesterday afternoon. Gray's attorneys were not in court when the verdict was read. They will probably wile a motion for appeal. A crowded court room heard the ferdict read. Gray's plea for his life was thus denied by the jurors before which he had plead for elemency.

The jury in the case was locked up for the night at 10 o'clock p. m. Thursday and had not returned a verdict early today. A special venire of 100 men has been summoned for Monday to try the case of Burrell Kemp, negro, charged with murder and accomplice to murder in the slaying of Ballard.

TABLOIDS

BELMONT PARK RACE TRACK, New York, Oct. 19.—An investigating committee of the Jockey Club found Zev, Harry Sinclair's entry in the international race against Papyrus tomorrow, in unsatisfactory condition. He is broken out with splotches. My Own, owned by Dr. Cary Grayson, may race the English pony. The latter horse is due to arrive this afternoon when the cimmittee will make a definite decision.

HOUSTON, Texas.—Stock in the garbage department went up when Mrs. H. P. Ritchers reported she threw out $65 in bills in some trash. It slumped when it was found the trash had been burned on the dump.

KANSAS CITY.—The Baltimore and Kansas City baseball teams were enroute to Baltimore today to complete their minor league world series. By winning Thursday's game, 4 to 2, Kansas City now has a lead it games of 3 to 1. The total attendance for the four games here was 62,679 and the total receipts $77,250.38, of which $50,213.07 will be divided among the players. The players also will share in receipts of the first game at Baltimore, which will be played Saturday.

PARIS, Texas.—Charles Kimerer, 28, was killed here last night when the automobile he was driving collided with a street car. Kimerer's skull was fractured.

NEW YORK, Oct. 19.—Invitation extended to the New York Yankees to do their spring training in Los Angeles next year, has been declined, Ed Barrow, business manager of the champions, announced. New Orleans, Shreveport or St. Petersburg, Fla., may be chosen, although it has been reported that the champions might be taken to San Antonio for training since the Giants are not expected to return there for their training.

OIL MEN CALLED BEFORE OKLAHOMA REPRESENTATIVES

OKLAHOMA CITY, Oct. 19.—Noted oil men were subpoened for appearance before the House impeachment committee to give testimony concerning the administration of Governor Walton. E. W. Marland, Charles Sand, Waite Phillips and others are called to appear.

SAXON CABINET TO BE ARRESTED

DRESDEN, Oct. 19.—Orders for the arrest of the Saxon Cabinet were in the hands of the Federal military here today. A Government official said he was realiably informed.

Inflammatory speeches and organization of illegal Communist military groups were said to be charges.

Dely of the Berlin Government in allowing the orders to be executed was attributed to incompleteness of military preparations.

J. R. Bobeman of the Humble Company is shaking hands with his many friends here today.

Powell May Connect With Old Richland Field Judged By Present Indications; Output Could Easily Go 300,000 Daily

General talent in the Powell pool believe that the Golden string now bears the promise of swinging to the East. This opinion is based on the log of the E. C. Meade well on the E. D. Smith tract, where the top of the chalk was found to be around 2600 feet. This is further established by the Webster well on the Boyd, about three fourths of a mile southwest of production, which drilled in the chalk at around 2570 feet.

In the event that the fault and field swings in that direction, the prospects are that it will trend toward the old Richland pool, with which it may connect before the field is defined.

The field is now about 8 miles long and has advanced across the T. & B. V. tracks at a point near Navarro and is already within about 6 miles of the Richland pool, of the Mexia district. Should the connection be established, the new monster field will be within 16 miles of Mexia. At present production is confined to a strip about three quarters of a mile wide.

Never before in the life of any southwestern field has there been such a speed established in drilling up proven acreage as at Powell. In some instances, where extensions have been proven, within six hours after a new well in new territory came in every off set location would have a derrick up and machinery moving in.

Throughout the eight miles, practically every location has been made and drilled.

This speed has been due to the huge flush production and to the many operators in the district, which has encouraged activity and prevented any single company from controlling the field. The Humble Company is by great odds the heaviest producer and the largest acreage owner. Its yield Wednesday surpassed the 105,000 barrel daily mark and that company has been busy for the past several days buying up all storage possible in the endeavor to take care of the record yield. On that day, the Humble pipe line company handled 109,000 barrels of oil and the Magnoila 53,000 barrels. The other four pipe line companies operating in this district, too, have joined in taking care of the output which is now beyond their capacity to handle and surface storage is being called upon to help the situation.

The production Wednesday was approximately 265,000 barrels and could have gone to 300,000 barrels had the gushers been opened up full and those waiting on the sands been drilled in. Many wells have been waiting on the sands this week until the storage and transportation problems were solved.

The Buttram Tidal gusher on the Crews is still holding up for 15,000 barrels daily. So is the Atlantic Kellum. The Buttram Tidal company has several wells on the Phillips and Crews ready to be drilled in as soon as transportation conditions justify.

Salt water has thus far encroached slightly on the edges. Most of the wells from the Ramsey lease Northeast are now on the pump. The Buttram Tidal wells on the Ramsey and the E. L. Smith Oil Company's Ramsey wells are exceptions, these producers showing a heavy production natural even yet.

The E. L. Smith Oil Company is now making around 8,000 barrels daily in the Powell field. The Keith 1, extension discovery well which came in last Saturday, is today making around 6,000 barrels daily. The company's No. 2 is in the chalk. Indications are that this will be a big well. Casing will likely be set tomorrow. No. 2 is being offset on the North by Mutual which got the chalk at 2065. This indicates that the fault line has not been found in that part of the field, and is encouraging. E. L. Smith's Keith 3 is drilling around 1,000 feet. Number 4 is spudding in; number 5 has set 10 inch casing, and numbers 6, 7 and 8 are rigging up.

Skelly is rigging up on numbers 2, 3, 4 and 5, offsetting the E. L. Smith's 5, 6. 7 and 8 Keith. The Simms Oil Company got the top of the chalk at 2032, southwest offset to E. L. Smith's Keith 1.

Simms also has a derrick on the northeast of the H. B. Boyd. The Humble is rigging up on the Ballard next to the T. & B. V. and 300 feet from the E. L. Smith Keith 1. The T. & B. V. is rigging up on the triangular tract which the road owners and on which permission was recently granted to drill by the oil and gas division of the Texas Railroad Commission.

Simms has a derrick on the Howell, directly offsetting Skelley Howell 2.

J. L. Collins et al, Friday entered the Austin chalk on the Ballard No. 1. This indicates a large producer. It is about 800 feet East of the E. L. Smith's Keith 1.

LITTLE FOXES

FABLE

The mountain and the squirrel
Had a quarrel;
And the former called the latter
"Little Prig."
Bun replied:
"You are doubtless very big;
But all sorts of things and weather
Must be taken in together,
To make up a year
And a sphere.
And I think it no disgrace
To occupy my place
If I'm not so large as you
You are not so small as I,
And not half so spry.
I'll not deny you make
A very pretty squirrel track;
Talents differ; all is well and wisely put;
If I cannot carry forests on my back,
Neither can you crack a nut."

THE EDITORIAL OF THE DAY

TO THE YOUTH OF AMERICA—A MESSAGE
(Dallas News)

Keep thy heart with all diligence; for out of it are the issues of life.
—Proverbs iv, 23.

Notwithstanding this is called the Jazz Age, and seems more or less deserving of that designation, there are today, as of yore, many a mother hiding a little Moses in the bulrushes of poverty and timidity, who may become a leader of his countrymen.

There are embryo Newtons watching falling apples; Franklins coaxing the lightning; Washingtons dragging surveyors' chains; Lincolns splitting rails; Columbuses balancing eggs before kings and queens in an effort to get means with which to discover unknown lands; Watts watching steam lift kettle tops; Stephensons visioning railroads; Edisons with concepts of unimaginable electrical inventions; Henry Fords with patience and perseverance pegging away in woodsheds and shops; Wrights seeking to outwit natural law by co-ordinating and combining other natural laws, despite the "impossibles" of self-styled philosophers and droopy wiseacres.

There are young Spurgeons and Talmadges, Beechers and Brookses, Wesleys and Calvins, Garretts and Truetts, fired with zeal and inspiration preparing to present the claims and merits of the Carpenter of Galilee to this sad old sin-cursed world.

Every Man his Own Sculptor

These we may say are all in the rough granite, awaiting the sculptor's mallet and chisel, consisting of the refining process of sacrifice and suffering, to carve from them the perfect statue. Every one has his own block of marble to work on. It is up to him to shape it as he will. It is his privilege to carve out his own character. It is he who must wield the mallet and chisel. He is the captain of his own soul, the architect of his own fortune, the director of his own destiny. Of course difficulties are to be overcome, but that's what brains are for. Were no battles to be fought courage would be a useless attribute.

The fellow depending on the luck-inducing powers of horseshoes and rabbit's feet should have donkey ears. He will lack a mile of ever moving an inch toward the goal of greatness.

Resolve to battle your way through. Defy everything but God, and regularly invoke His blessing and guidance. It is, absolutely.

Where the other fellow quits, you begin. Intelligence and power have not gone out of the world, and you have your share. Use it. Nerve yourself for the battle clean through to the end.

Courage and Patience Necessary

Listen, boy: Have you got the grit?
At what point do you stop?
What are you satisfied with?
You should not camp where your father fell.
How far can you go with the nemesis of regret and past failures following you?
Don't let the ghosts of the past rear themselves before you in such ghastly fashion as to frighten you from your purpose.
Don't let the hyenas who dig up buried corpses in the cemeteries of

Don't permit the serpents at your feet, squirming and wriggling and hissing calumnies and infamies, distress you.

Don't allow the devils with forthy mouths and husky throats, with cloven hoofs and forked tonuges, to terrify you.

Ignore and defy them all and go on your way determinedly and courageously. They will finally tire of their infamous efforts to destroy you. You will have to suffer, of course. Every one has to pass through a Gethsemane whose sorrow is in proportion to the good he would do.

Pay no attention to human cattle which run around tattling, gossiping and scandalmongering. They are sick. They have the "foot and mouth disease."

Still Heroes in the World.

There are little Davids slaying giant Goliaths, even as of old. There will always be found an Horatius to guard the bridge, a Leonidas who is willing to die at the Pass of Thermopylae.

And there are millions of men now standing at moral Verduns saying, "They shall not pass!"

Lessons from early defeats mean final triumph if you will it so. No one falls so low that he can not rise again, stronger and better for the experience.

There are lots of pages in your book of life on which you have never written a line, and you are now better qualified to fill them with words of wisdom and deeds of love than ever before.

Not so much depends upon the kind of sword you use as upon the skill, valor and energy with which you wield it.

It must be admitted that at this time when one who has a desire to do something worth while in the world; when he who yearns to be a benefactor of his fellows looks around upon the seeming jazzy mental attitude of the world in general, he is disposed to feel somewhat discouraged as to making the effort. He is wont to say, as did the poet, Dekker four hundred years ago:

This age thinks better of a gilded fool
Than a threadbare saint in wisdom's school.

You Are Needed

The fewer there are of those worth while the more imperatively YOU are needed.

Destiny does not mark out the pathway to success for you.

Fate holds no brief for you.

Fortune belongs to him who earns her.

If you think there is no opportunity,

TIRED FEELING SURE SIGN OF TORPID LIVER

Touch Up Liver Tonight With Pepsinated Calomel—Tired Feeling and Biliousness Will Be Gone By Morning.

Nothing kicks back so quickly as a disordered liver. Pepsinated Calomel will give quick relief by thoroughly stimulating both the liver and kidneys, thus eliminating the poisons that are doing so much damage.

Calomel is recognized as practically the only medicine that will reach the liver. Others may relieve constipation, but they fail to touch the real cause of the trouble. However, ordinary calomel is so drastic in its action that many have deprived themselves of its liver cleansing power until they became acquainted with Pepsinated Calomel, which is not ordinary calomel. Because of its fine English Calomel it cleanses the liver thoroughly with no discomfort. It cannot nauseate or gripe.

Bennett's Drug Store and all reliable druggists recommend and guarantee Pepsinated Calomel to bring relief between sundown and sunup or your money refunded. Try it—we guarantee you'll feel better tomorrow. (Adv.)

Humble Company At Powell Breaks Production Record

Field Now Is Soaring With 265,000 Bbls. Output Daily

With production exceeding all available storage and available pipe line facilities and soaring close to 265,000 barrels daily, the Powell area of the Mexia oil field district is now breaking all records for fields in the Southwest.

Wednesday of this week the Humble Company alone produced 105,000 barrels of crude petroleum, which was the largest production in a single field ever established over a twenty-four hour period by any one company operating in the United States. The next nearest approached was the Standard of California which has a record of producing 102,000 barrels in one field in one day.

Extensions made to the field during the past week indicate that the field has even greater possibilities of establishing a new record for daily output. Shortly after the field was extended about six locations to the southwest by the completion of Tidal Oil Company and Frank Buttram's Crews-Lovett 1 with an initial production of 19,000 barrels during first 24 hours, the Atlantic Oil Producing Company's W. S. Kellum 1, an offset to the north, was nailed in and gauged 700 barrels during the first hour, and later increased its flow. The most important extension was given the field late Saturday when E. L. Smith Oil Company's Keith 1 carried the outpost of production more than a half mile farther to the southwest, across the T. & B. V. railroad tracks, and between the two deep dry holes with an initial flow of 320 barrels for the first hour on the gauge from the Woodbine sand pay at 2920-26 feet.

The performance of these three wells on extreme southwest end of the field has paved the way for scores of new tests, which are being started with a rush. Tidal and Buttram's test on the Crews-Lovett 25 acre lease opened the sand pay at 2913 feet and drilled to 2962 feet. The first three days' pipe line runs from this well aggregated 50,980 barrels, or a daily average of 16,994 barrels. The big offset producer brought in by Atlantic is reported to have entered the pay at 2917 feet and drilled 44 feetin. The outcome of the Smith Oil Company's test on the Wheelock 38 acre lease has been watched with greater interest than any recent test drilled, owing to it being on a line between two dry holes, located only 6300 feet apart. The Smith Company's producer is only about 2500 feet east of a 3300-foot dry hole drilled several years ago by R. L. Weeelock and associates in the Bragg survey.

The congestion experienced by some of the pipe line companies in the field in handling the unusually heavy production, resulting in some earthen storage being pressed into service on southwest end of the field, is expected to be only temporary. Additional gathering lines are being rushed from new completions to storage tanks located in the field, while Magnolia Petroleum Company is enlarging its pipe line system. Although the Prairie and Sinclair pipe line companies have been confining their runs from field to Humphreys (Pure) Oil Company's production, the former connected up with some of Tidal Oil Company and Frank Buttram's wells last week, and began running the oil.

After having passed the 100,000 barrels mark in daily output in the field, thereby establishing a new record for the United States, the Humble Oil & Refining Company began negotiations with the Sinclair Pipe Line Company for use of the latter's trunk line from Mexia to the coast, but early this week Sinclair officials stated that no decision had been made. Humble's production has taxed the facilities of its two 8-inch lines leading out of the Powell field to the south for some time, while the surplus has been shipped out in tank cars, or diverted to tank farms in the field. Among the large producers scored by Humble during the past week was its L. T. Davis 4, which came in making 567 barrels per hour from pay at 2918-68 feet. This well is on a 73 acre lease containing three other producers and entirely proven for production.

Deeper drilling of the Roxana Petroleum Corporation's W. J. McKie 8-A, located on an outside location and on the northwest side of the structure, increased the flowto about 1200 barrels. This well was reported as a 150 barrel pumper last week at 2916 feet, and has since been drilled to 2936 feet. This well is at one of the widest points in the field.

J. K. Hughes Developing Company Drilling on 30 Acre Alexander Tract in Southern Part Of Powell

The J. K.Hughes Developing Company is sharing in the activity in the southwestern part of the undefined Powell oil field. The company's Alexander No. 1 is today down below 1,000 feet and bailing carefully to deep production depths at the rate of around 400 feet daily. Two wells are to go down immediately on this tract, according to announcements just made at the headquarters of the company here.

The Alexander is a lease adjoining the Cerf to the East. On the Cerf the Humble company already has production and additional wells are going down.

The J. K. Hughes Developing Company's acreage consists of 30 acres and is looked upon as very valuable property, as it is high on the structure and in line with the trend in that direction. It is looked upon as certain for large production.

The company already has 13 producers in the Powell pool, whose daily yield is steadily maintaining a level equal to that of any wells in the district in which they are located.

Production from Powell augmented by that at Currie give the company a creditable daily yield, far above many others who consider themselves fortunate and successful in the Powell pool. It was this company that drilled the first big well in the field, which unfortunately soon caught fire and many lives were lost before the flames had been exterminated. The two weeks of fire fighting necessary commanded the attention of practically every member of the J. K. Hughes organizations. While they were fighting the fire, the other operators and companies engaged since in Powell development were joining in a scramble for close in acreage and acreage in line with the apparent trend of the young giant pool. This unselfish sacrifice on the part of the Developing Company commanded the attention and respect of the entire fraternity.

At Marlin, the company is entering into the activity early in the life of that promising pool. A well is now being drilled on the Westbrook tract which will be completed within the next week. It is now down 2700 feet. Production is expected to be reached before the 3,000 foot level is penetrated.

At Gonzales, the Developming Company is also engaged in a wildcat test, which bears promise and which is holding the interest of oil scouts who have their eyes on that area.

Later this week, the Hughes tank farm at Powell was sold to the Humble Oil and Refining Company. The Humble Company has been buying every bit of storage possible in an endeavor to take care of the monster production of that company there. The Developing Company's tank farm consisted of 100 acres on the Mrs. Ely farm and four large steel storage tanks had been constructed. One of these was filled with J. K. Hughes Developing Company's production, which was also sold in the deal. The consideration was not announced, but it is learned that it represented a large figure. After this, the Developing Company and other Hughes interests at Powell will sell their production direct and immediately upon its production.

Indians Claim They Are Deprived Of Their Own Money

CHICAGO, Oct. 19.—Methods used by the United States Government in handling funds belonging to American Indians were attacked by spokesmen for the "Original Americans" at a convention recently held here.

Indian spokesmen complained that of $35,000,000 held in trust by the United States Commissioner of Indian Affaids not a dollar is available to the Indian owners without the Commissioners' consent. Further, they say, altogether the Government holds their money in trust they have no proof of ownership.

"During some of the past hard times for us Indians," said Robert J. Hamilton of the Blackfoot tribe, from its reservation in Montana, "many of our people who were among the owners of this money in the bank found themselves in great need, some in actual want. But they were denied the use of the money."

Hamilton alleges many instances of "big" and "petty" graft by Indian agents.

"An agent in Oklahoma," he declares, "defrauded Indians under his supervision of more than $100,000. Private investigators brought about this agent's conviction and he is serving a prison term now, but no recorevy of the money was made, so far as I have been able to learn."

DALLAS, Texas, Oct. 18.—From Texarkana to Amarillo petitions have been received for the Masonic degrees of the Scottish Rite to be conferred at the fall reunion which will begin in Dallas, November 12 and last for five days. Equal interest is manifest in the territory lying north and south of Dallas several applications having been sent in from Gainesville, Sherman, Denison, Bonham and other points.

Additional interest will be added to the reunion schedule by the dedication of the Hella Temple Hospital for Children on Nov. 15. This hospital, while erected by members of Hella Temple, is a statewide institution and will be open to all children in Texas, regardless of color, race or creed. The only requirement being that the parents of the child are not financially able to pay for treatment of the child. No pay patients will be received at the hospital on any basis. It will operate as the one real free non-pay institution in Texas and will be the only one of its kind in the state.

Scottish Rite Masons from all parts of the state will be in Dallas during the reunion week to witness the conferring of defirees and also to be present and participate in the dedication ceremonies which will be featured by the largest parade of Masons ever witnessed in the state.

Monument For Lincoln's First School Teacher

HUNTSVILLE, Ill., Oct. 19.—Villagers here are planning to erect a memorial monument over the grave of Abraham Lincoln's first school teacher, Azel W. Dorsey.

Under a small moss-covered marker the body of the former instructor lies. All of Lincoln's formal schooling was received under the supervision of Azel Dorsey, who taught him for three months.

John R. Corley, Jr., will be a spectator at the big football classic in Dallas Saturday.

Through A Woman's Eyes

By SADIE KIRGAN

WINTER

Winter came last night. It came with a snap and a bluster and a whistle, as all northers come on Texas. Little whirlwinds of dust shivered across the street, men pulled their hats down and their coats together, women held their skirts and scurried around the corners. We got out our sweaters and hunted the gas stoves out of the attic. It was winter and we were cold.

Not that we minded being cold. There is really something extremely fascinating about winter. There was a strength in our bodies and brains this morning that had been strangely absent before. There was a snap and a vim fed red blood that clamored for action and triumph.

In the winter there is a dramatic reality that is lacking in the calm, balmy days of summer. There are the great variety of days from the bright clear frosty sparkly mornings to the gray drab rainy day that chills body and soul.

Another thing I love about the winter is the chance its cold gives one of being warm. A warmth that is really a soft delicious soaked in warmth, and not the sapping heat of the sun. Is there anything more delicious than curling up on a rug in front of a leaping fire on a freezing afternoon to doze and dream and read steeped in enough laziness to digust the jelliest jelly bean or the flappinest flapper that ever made their advent on this terrestial ball.

Truly winter is a wonderful season.

Dallas Mayor To Clean Up River

DALLAS, Texas, Oct. 19.—With the approval of the city commission of the plans of the new viaduct to Oak Cliff to relieve the congestion on the present one, comes the mayor's announcement of plans for the feautification of the unsightly Trinity River bottom.

The section around the viaduct, street car trestles and railroad yards is an "unsightly tract resembling a dump ground" says the mayor. "By the employment of a few laborers to trim the trees, clean out the trash and by laying out a few drives the place could be made to look much better although it could never be made into a real park due to the river frequently rising out of its banks."

DALLAS.—More favorable weather with a bright sun drying up the mud brought out a large crowd at the state fair yesterday when "Cattlemen's Day" was held. Hundreds of Texas cattlemen attended the exposition and more than 14,000 persons visited the fair yesterday, according to official figures. Wednesday was the first day of uninterrupted good weather here since the fair opened five days ago. In the state agricultural show, Hale county won first place by a margin of 16 points on a 1000 point basis. Floyd county was second among the 31 competitors and Ellis county third.

DO YOU WONDER?
Asks This Lady, "That I'm a Believer in Cardui?"—Had Been So Weak She Had to Go to Bed.

Osawatomie, Kans.—Mrs. E. E. Keast, formerly of Illinois, residing here, says: "We moved to this state eleven years ago, and I had good health for a long while; and then some year or so ago I had a bad sick spell. . . .

"I got so weak I couldn't go. I couldn't stand on my feet at all. I had to go to bed. I suffered a great deal. I was so nervous I felt I couldn't live. I tried medicines, and everything; had the best of attention, yet I wasn't able to get up. I lay for three months, not able to do anything.

"My husband is a bill poster and has circulars distributed. One day there chanced to be a Ladies Birthday Almanac among his circulars. I read it, and told some of the family to get me a bottle of Cardui. . . .

"I quit all other medicines and took it (Cardui) faithfully, and two weeks from the time I began to take Cardui I was out of bed—better than for months.

"I kept it up and continued to improve until I was a well woman.

"Do you wonder that I am a believer in Cardui? I certainly am. And I am sure there is no better tonic made for women than Cardui." NC-151

BAPTIST ANNOUNCEMENT

Enroute to Roanoak, Ala.
Mexia Daily News.
Mexia, Texas.
Gentlemen:

I am writing a few words about the man who will supply for me Sunday. It is hard to write on train, but that you couldn't read you can guess at.

Dr. J. M. Price, professor of Religious Education of the Southwestern Baptist Theological Seminary, Fort Worth, will supply for the pastor Sunday morning and night. Dr Price is known throughout Texas and the South as one of the greatest teachers and speakers on this subject. He is a soul stirring, dynamic, fluent and entertaining speaker. He addressed over two thousand college students last year at the Baptist Student Union at Baylor College. The consensus of opinion was that he was one of the best and most helpful speakers on the program. He will give holy enthusiasm to those who listen to him. Everybody come out Sunday and hear Dr. Price.

Thanking you very much, I am
Yours truly,
JOE JEFFERS.

Mexia Officials Invited To Fair

Mexia city officials have been extended invitations to attend the League of Texas Municipalities day at the State Fair in Dallas, October 24. Frank M. Stewart, Secretary, has extended invitations to all city officials in Texas.

The program for the day will start at ten o'clock in the morning with the morning session in the council chamber of the City Hall. The address of welcome will be made by Mayor Louis Blaylock of Dallas. Mayor E. R. Cockrell of Fort Worth, former president of the League, will deliver the response. Other addresses will be made my Mayor W. E. Lea of Orange, president of the League, and by Mayor O. P. Holcomb of Houston, vice president.

The afternoon session will be held at two o'clock at loud speaker of the Southwestern Bell Telephone Company at the Fair Grounds. Short addresses will be made by Mayors B. A. Steinhagen of Beaumont, John Tobin, San Antonio; J. P. Logan, Port Arthur; R. M. Dudley, El Paso; J. W. DeWeese, Paris; D. F. Howell, Cleburne; C. W. Middleton, Texarkana; C. H. Fulwiler, Breckenridge; Ben C. Richards, Waco, and others.

Married Her Hero

CHICAGO, Oct. 13.—Two months after rescuing Josephine Franklin from drowning, Thomas Alcock, policeman, rescued her from solitary life and made her his bride. "At first it was a case of hero worship, I guess," the bride said. "Naturally, I was very grateful to him for saving my life and we saw each other many times. So it was just natural that we should fall in love."

DRILLING ON MEAD SOUTHWEST OF THE PRESENT POOL

Ddilling has been resumed on the Mead test on the W. N. Smith, 2 miles southwest of Navarro. New derricks are going up, indicating the belief that the trend is to swing in that direction, toward the old Richland pool. Work had been suspended for several days on this test.

The Allison Taylor Jackson test west of Grape Creek will be spudded in tomorrow.

W. T. Church left Thursday morning for Powell and will go to Dallas for the week-end.

U. OF T. BULLETIN TELLS OF RED RIVER SUIT

AUSTIN, Texas, Oct. 19.—Remarkable investigations made by Texas scientists in connection with the Texas-Oklahoma boundary suit are contained in a bulletin of 174 pages which has ujst been issued by the Bureau of Economic Geology of the University of Texas. The authors are Dr. E. H. Sellards, chief geologist in the Bureau; Prof. E. C. Tharp, ecologist and professor of botany in the University; and Dr. R. T. Hill, formerly connected with the University. A list of maps included in the bulletin shows that 49 original maps and drawings were made by the State of Texas to illustrate testimony submitted; of these, six maps and two drawings have been reproduced in the publication. Of 230 photographs submitter, 16 have been reproduced.

Investigations made by Texas were directed particularly to a determination of the age of the river valleys and to the habits ofthe river in building the valley lands. As a result, it is shown in the bulletin that the river valleys are for the most part more than 100 years old, and hence were in existence 100 years ago when the treaty was made with Spain and are thus a part of the State of Texas. Evidence was obtained from the timber and plant growth in the valleys from the thickness, diversity and character of the soils, from the methods of the accumulation of sand dunes, and from the fossil bison remains found in the valley. The habits of the river in building its valley land are likewise fully described.

Under the decision of the Supreme Court, all of the river valley lands on the Texas side including grazing and farm lands and homes remain in the State of Texas throughout the entire course of the river, where it forms the boundary. Of the oil wells involved in the controversy the greater number including all of those located in the river valley are restored to Texas ownership while a smaller number located in the bed of the river become the property of the United States.

Keep Too Much To Themselves

Many men and women of middle age feel that they have never had a chance to make anything out of themselves. But the main reason for it usually is that they left such things as pimples, rash, "breaking out," eczema, tetter, etc., on their face, neck, hands and arms make them feel that they are not wanted around and they keep to themselves too much.

You can get just as much out of life as anyone. All you need is confidence in yourself, which you get naturally when you rid yourself of those skin troubles, if you just use the wonderful Black and White Ointment. It is economically priced, in generous packages. All dealers have it. The 50c size contains three times as much as the 25c size. —(Adv.)

ROCHESTER DOCTOR ACHIEVES REMARKABLE SUCCESS WITH NEW PRESCRIPTION FOR PILES

ROCHESTER, N. Y. For years it has been known that many so-called remedies for the relief or cure of Hemorrhoids or Piles were simply palliatives and gave only temporary relief while surgical operations often adopted as a last resort never removed the cause but simply the formation.

It has remained for a well known doctor of this city to find the real remedy. Years of patient, painstaking effort on his part has resulted in a prescription that will actually heal piles and absorb them never to return.

No man or woman need suffer another hour from any pain, soreness or distress arising from Hemorrhoids or Piles now that this wonderful prescription known as MOAVA SUPPOSITORIES can be obtained for a moderate price at any first-class drug store on the money back if dissatisfied plan.

You'll be amazed to see how quickly it acts. Blessed relief often comes in an hour; even in cases of long standing with profuse bleeding, really wonderful results have been accomplished.

Remember the name, MOAVA SUPPOSITORIES, and be sure to follow simple directions that come with each box. For sale by all good druggists.—(Adv.)

TURN HAIR DARK WITH SAGE TEA

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—(Adv.)

Reduce Those Dangerous Swollen Veins

Doctor's Recent Discovery Also Heals Boils, Carbuncles, Abscesses and Open Sores in a Few Days

Physicians are prescribing and hospitals using a new and harmless yet very powerful germicide that not only causes enlarged or varicose veins and bunches to become normal but also reduces goitre, enlarged glands and wens.

Ask any first class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discoverey does not produce the results anticipated, you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directions advise and improvement will begin at once. Your druggist can supply you.—(Adv.)

CAN DO ALL HER WORK WITH EASE

Stella Vitae Built Her Up and Gave Her Strength, Says Mrs. Thurmond.

"I was hardly able to get around before taking Stella Vitae, but now I can do all my work with the greatest ease," said Mrs. B. A. Thurmond, of Inez, Texas..

"My work is very confining and some time ago I felt it was wearing me out and I was threatened with a breakdown. I lost my strength and became so weak and rundown I was hardly able to go. I felt tired and worn out and it would nearly kill me to get up in the morning to start to dress.

"I had heard much praise of Stella Vitae and what good it was doing others. I got a bottle and felt better after taking it. I kept it up and took about five in all and now I am feeling fine.

"It built me up and gave me the strength and energy I needed."

Stella Vitae may be obtained from the Mexia Drug Company and the purchase price will be refunded if it fails to bring relief.—(Adv.)

WONDER DOG PLAYS IMPORTANT ROLE IN NEW FILM

If you love dogs—and there are very few of us who don't—you must not fail to see "Jacqueline" or "Blazing Marriers," the newest Arrow-Curwood special production that great new picture which will be shown at the National Theatre tomorrow. For in the cast of this magnificent production is Taxie, a dog of almost superhuman intelligence.

Taxie plays a most important part in the development of the plot, and according to Dell Hendreson who directed the picture, he was infinitely easy to handle.

"Taxie knew what was expected of him and di it almost without a word from me" said Mr. Henderson. "Where I would have to rehearse certain players in certain scenes time and time again to get the effect I was after, I merely had to talk to Taxie, giving him the idea of what I wanted done and, lo and behold, it was done!

"All of which, I know, sounds incredible to a great many people, and to them I can only say that they don't know Taxie. He is without a doubt the most remarkable animal I have ever come in contact with and I feel confident that all those who see his splendid work in the picture are going to agree with me."

D. 1923, the same being the 5th day of November. A.D. 1923, then and there to answer a petition filed in said Court on the 12th day of October, A. D.. 1923, in a suit, numbered on the docket of said Court as No. 4007-B, wherein A. E. Rosson and J. L. Cogdell are Plaintiffs and S. W. Johnson, O. L. Lusk, W. R. Jones, J. W. McWilliams, H. P. Tate, and Texas Trust Company are Defendants, and said petition alleging that on January 21, 1921, plaintiffs jointly executed a drilling contract and contract for leases to be executed and delivered to defendant, S. W. Johnson; that said contract is of record in Volume 111, page 206, deed records of Limestone County, Texas. That in pursuance of said contract plaintiffs did execute and deliver to S. W. Johnson (whose initials in A. E. Rosson instrument by inadvertence were reversed and show as W. S. Johnson) Oil and Gas leases covering Blocks or lots 5, 7, 13, 18, 19, 26, 27 and South half of Lots 20 and 25. and 200 acres out of the P. Lloyd and D. Varela surveys, together with lots 47, 48, 49, 50, 51, 52, 53, 54, 55 and 57 (as shown by map and plat of the A. E. Rosson 1073 acre ranch and a portion of the J. L. Cogdell Estate. That the total acreage of both leases was 684 acres, 405 being out of the Rosson land and 284 out of J. L. Cogdell Estate, that the lease contracts are recorded in the deed records of Limestone County, Texas, in Vol. 112, page 173. and Vol. 113, page 387, which records give complete discriptions of the lands leased. Each of said leases provides as follows: "Should the first well drilled on the above described land be a dry hole, then and in that event if a second well is not begun on said land within twelve months thereafter, this lease shall terminate as to both parties, unless the lessee, on or before the expiration of said twelve months, shall resume the payment of rental in the same manner as hereinbefore provided."

That said S. W. Johnson and his assigns did drill one well on said lands in accordance with the conditions of said drilling contract and leases; that said well was finished and abandoned before and on the 18th day of August, 1921, same being a dry hole or non-producing well.

That no other well was begun or said premises until more than one year after the abandonment of said well on August 18th, 1921; that no one paid any rental on said land or any portion of it, on or before the expiration of one year after the said abandonment, nor has any one paid a rental thereon until this day, thereby forfeiting all rights under the said leases.

Plaintiffs further aver that said S. W. Johnson and his assigns assigned to defendants W. R. Jones, O. L. Lusk, J. W. McWilliams and Texas Trust Company, at several and diverse times various and diverse interests in various and different and in overlapping acreages covered by the above said leases and leased premises; that though some of them have assigned portions of their interest and released parts of their respective interests, yet each party named still holds in his name certain purported respective interests in parts of the above said premises and leased acreage, having failed and refused to release same in accordance with the law applying to lessees and their releasing such interest on forfeiture of same or an abandonment of efforts to develop same. That said H. P. Tate avers certain interests existing under a memorandum agreement between himself and W. C. Rosson, who had no legal right or power to bind said plaintiffs or either of them, thereby deriving no interest under any instrument of writing given and executed by W. C. Rosson.

Plaintiffs aver that they have been damaged in a sum of $500.00 in that they expended money and attorney fees in bringing this suit as well as loss of time to themselves, all of which damage amounts to $500.00 or more.

Wherefore, premises considered, plaintiffs pray the court that citation issue to defendants, and that upon a hearing that they be granted judgment declarng all said leases to S. W. (W. S.) Johnson, together with all assignments under said leases or either of them, null and void and of no further force or effect, and for judgment in the sum of $500.00 as damages against defendants for their having failed and refused to release their purported interests in and to said lands, and for their costs in this behalf incurred, and such other relief as they may be entitled.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Groesbeck, Texas, this the 12 day of October, A. D. 1923.

NOTICE OF SHERIFFS SALE
THE STATE OF TEXAS
County of Limestone.

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Limestone county, of the 13th day of October, 1923, by the District Court of said Limestone county, for the sum of Seven housand, Two Hundred Sixty dollars and costs of suit, under a vendor's lien, in favor of J. Sanford Smith and Phil Karner, in a certain cause in said court No. 2885, and styled J. Sanford Smith and Phil Karner, vs. C. I. Spencer, A. R. Jameson and D. L. Campbell, placed in my hands for service, I, Whit Popejoy, as sheriff of Limestone county, Texas, did, on the 15th day of October, 1923, levy on certain real estate situated in Limestone county, Texas, described as follows, towit:

Being lots fourteen (14) fifteen (15) seventeen (17) and eighteen (18) in division S. in the city of Mexia, Limestone county, Texas, and levied upon as the property of C. I. Spencer, A. R. Jameson, and D. L. Cambell, and that on the first Tuesday in November 1923, the same being the 6th day of said month, at the court house door of Limestone county, in the town of Groesbeck, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said order of sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder as the property of said C. I. Spencer, A. R. Jameson and D. L. Campbell.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Mexia Daily News, a newspaper published in Limestone county.

Witness my hand this 15th day of October, 1923.

WHIT POPEJOY,
Sheriff Limestone County, Texas.

CITATION BY PUBLICATION
THE STATE OF TEXAS,

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded, that you summon by making publication of this Citation in some newspaper published in the County of Limestone if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof, Jesse Bond and Abe Goodman whose residence is unknown, to be and appear before the Hon. County Court, at the next regular term thereof, to be holden in the County of Limestone, on the 5th day of November, A. D. 1923, same being first Monday in November, 1923, at the Court House thereof, in Groesbeck, then and there to answer a petition filed in said Court, on the 25th day of July A. D. 1923, in a suit numbered on the docket of said Court No. 948, wherein D. A. Kerzee is plaintiff, and Jesse Bond and Abe Goodman are defendants.

The nature of the plaintiff's demand being as follows, towit:

Plaintiff alleges, that on October 25th, 1922 defendants made, executed and delivered to this plaintiff their certain promissory note for the sum of $633.17, payable to the order of plaintiff at Mexia, Texas, due and payable on the 10th day of March, 1923 bearing interest at rate of 10% a year from its date until paid, and providing for 10% additional on the amount of principal and accrued interest as attorneys fee and to pay all expenses of collection and costs of court, if it should not be paid at maturity, whereby defendants became liable and bound, individually and collectively, to plaintiff and promised to pay to plaintiff the sum of money specified in said note, all accrued interest, and attorney fees and costs of collection, including court costs, according to the tenor and effect thereof.

That plaintiff has placed said note in the hands of attorneys for collection and has contracted and agreed to pay them 10% stipulated for in said note, same being reasonable and the usual and customary attorney fee in such matters. That said note is past due and unpaid; and defendants, though often requested, have failed and refused heretofore and now fail and refuse to pay said note or any part of it, to plaintiff's damage in the sum of $1000.00, in that he has lost his principal sum, his interest thereon and the investment and earning power of said principal and interest since March 10th, last, and has contracted to pay the attorney fee provided for in said note and is under obligations to pay the court costs, etc.

Wherefore, plaintiff prays the court that defendants be cited to appear and answer this petition, and that he have judgment for his principal sum of $633.17, for interest thereon since October 25th, 1923 at rate of 10% a year, for his attorney fees as provided for in said note, for his costs of suit, for all costs expended in this behalf, and for his damages over and above these items, making a total judgment of $1000.00, and for such other and further relief, general and special, in equity and in law that plaintiff may be justly and legally entitled to, and in honor bound will ever pray, etc.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Groesbeck, this, the 11th day of October, A. D. 1923.

CITATION BY PUBLICATION
THE STATE OF TEXAS,

To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon J. R. Alford by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper in your County, to appear at the next regular term of the District Court of Limestone County, to be holden at the Court House thereof, in Groesbeck, Texas, on the first Monday in November A. D. 1923, the same being the 5th day of November A. D. 1923, then and there to answer an amended petition filed in said Court on the 4th day of October, A. D. 1923, in a suit, numbered on the docket of said Court as No. 2456, wherein Berry Barnett Grocery Company, a corporation, is plaintiff, and N. F. Ferguson, J. A. Underwood, C. B. Jackson and J. R. Alford are defendants, said petition alleging that N. R. Ferguson, J. A. Underwood and C. B. Jackson are partners and doing business under the firm name of Commercial Hotel Company, and J. R. Alford was doing business under the trade name of the Rex Cafe; that plaintiff at the special instance and request of the defendant, Commercial Hotel Company sold to them on the several dates specified in an account certain goods, wares and merchandise being groceries needed in running said business; that in consideration of the sale of said goods, defendant promised to pay therefor the amount charged in said account, being $604.20; that on October 14, 1921, plaintiff at the instance and request of defendant Rex Cafe sold and delivered to it goods, wares and merchandise which said Rex Cafe agreed to pay to the amount charged therefor same being $620.68, that said cafe was run by J. R. Alford until December 16, 1921, when he sold an interest in said cafe to the Commercial Hotel Company; that at that time said cafe owed this plaintiff the sum of $589.88; that on or about December 16, 1921, J. R. Alford doing business under the name of Rex Cafe being indebted to the Mexia Wholesale Grocery Company in the sum of $573.91 the said N. R. Ferguson, and J. R. Alford represented to plaintiff that the said sum of $573.91 would not have to be paid within thirty days if he, the said Ferguson, would purchase an interest in the Rex Cafe; that said Commercial Hotel Company would pay said $573.91 within thirty days; plaintiff agreed to said contract and in pursuance thereof the said Ferguson, Underwood and Jackson purchased an interest in said Cafe and in consideration therefor promised to pay plaintiff and the Mexia Wholesale Grocery Company the amount mentioned. That the said J. R. Alford transferred to the Mexia Commercial Hotel Company an interest in the Rex Cafe and placed them in possession thereof.

Plaintiff would show to the Court that on November 8, 1921, and January 13, 1922, the Mexia Wholesale Company sold and delivered to the Rex Cafe certain goods, wares and merchandise being groceries for which said Cafe agreed to pay the amount set out in said account the total being the sum of $620.26; that J. R. Alford at that time was the owner of said Cafe, the said Alford being indebted to a number of persons among whom was the Mexia Wholesale Grocery Company who sold to said Commercial Hotel Company the said Rex Cafe, agreed to pay said Mexia Wholesale Grocery Company the indebtedness that the Rex Cafe then owed the Mexia Wholesale Grocery Company. And afterwards incurred debts to the amount of $106.35 which it promised to pay the Mexia Wholesale Grocery Company. That afterwards the manager of the Rex Cafe gave to said Grocery Company its check for $492.71 which check was turned down and not paid. That on January 14, 1922, said Hotel Company gave a check to said Wholesale Grocery Company for the sum of $106.35 which check was turned down. Plaintiff would show that it has purchased of said Mexia Wholesale Grocery Company for a valuable consideration the indebtedness due said Grocery Company from the Rex Cafe and the Commercial Hotel and the same has not yet been paid and plaintiff is entitled to recover said account.

That all of the said accounts are due and unpaid, and the defendants and each of them have refused to pay any part to plaintiff's damage in the sum of $1845.14.

WHEREFORE, plaintiff prays the court that defendants be cited to appear and answer this petition; that upon a trial hereof they have judgment for said $1845.14 with interest cost of suit, and such other and further relief, as it may be entitled.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Groesbeck, Texas, this the 4th day of October, A. D. 1923.

Give Your Sole a Genuine Treat

You have thrown many a pair of good shoes away just because the soles were worn through. Perhaps the counters were out of shape, and the welts may have been "shot". Don't do it again. No matter what the condition of the shoe, if the upper is good we can rebuild it and make it almost like new. Perhaps there is a pair of shoes in your closet right this minute that need attention. Bring them to us and permit us to advise you. They may be saved, and many more weeks of wear put into them at very small expense. Be thrifty—have 'em repaired.

All indications point to a record breaking crowd at the local gridiron this afternoon where the Mexia Black Cats clash with the strong Marlin Bulldogs, we believe we will see a fight to the finish game because much depends on this game in deciding district honors.

The Texas Longhorns have got a rough job before them tomorrow. The Giants could not make it three years in succession and we do not believe Vandy can do it.

The Longhorns will stop over in Waxahachie Friday night and possibly get in a few hours practice there in order to break the monotony of the trip to Dallas.

It is reported that Vandy outweighs Texas about fifteen pounds to the man but remember the saying "the bigger they are ,the harder they fall."

Bible's Texas Aggies will tangle with the Louisiana State University at Baton Rough tomorrow which promises to be a real football game.

The Corsicana Tigers will meet the Ennis team Friday afternoon at Gumbo Buster Park in Corsicana, this is the third game for the Tigers and Coach J. W. Stephenson has corrected all of the weak spots in his team which should show up fine in today's game.

Bomar, Vanderbilt All-American end will be the center of attraction on the Commodores' team in Saturday's game and we expect the Longhorns are going to have to watch their step around Bomar's end.

The Texas Aggies may have a little more trouble than they are expecting with L. S. U. tomorrow. This is the first year that the Louisiana squad have had a real first class coach in several years. Mike Donohue an old time Yale football star and a successful coach at Auburn for twenty years is going to be mighty hard to beat. He has the reputation of making a winning team out of what is considered poor material.

Papyrus and Zev plunge off for the first international match horse race in history tomorrow at Belmont Park. Both horses went through their last long workout yesterday and are at top form for the match.

The sixty-piece Longhorn Band of the Texas University and the forty-one Texas Cowboys will accompany the team to Dallas Saturday. They will give a parade on the streets of Dallas Saturday morning in full uniform. A large number of rooters will be present from Mexia and are confident that the Longhorns will bring home the bacon.

Safety First Encouraged In Powell District

Accidents in the Powell oil field have possibly been more numerous since its discovery nine months ago than in any field in the United States. It is stated by those who have investigated the accidents that most of them have been due to neglect and carelessness on the part of the injured persons. It is also probable that in the haste and hurry, recklessness has been encouraged. In some instances as many as twenty five accidents have been recorded in one day and that many carried to hospitals. The subject is receiving much attention in the field and Safety First campaigns are being thought of.

PIERCE-FREEMAN STORY TO APPEAR SOON

A complete story of the Pierce-Freeman case which resulted in a hung jury when tried at Groesbeck for nearly three weeks will be given in The Mexia Daily News within the next few days. Various attorneys, including I. W. Keys, have agreed to help in this connection and on account of Mr. Keys being in Dallas today, the story could not appear in this issue.

The Humble Company completed its Davis 6 Wednesday night for 140 barrels hourly.

MACON, Ga.—Young Stribling knocked out Steve Choynski here last night in the fifth round.

New Lamp Burns 94% Air

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. T. Johnson, 609 W. Lake St., Chicago, Ill. is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to explain how you can get the agency, and without experience or money make $250 to $500 per month. —(Adv.)

Says His Prescription Has Powerful Influence Over Rheumatism

Has Also Proven Remarkably Successful in Severe Cases of Rheumatic Neuritis.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment. —(Adv.)

SULPHUR CLEARS ROUGH RED SKIN

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.—Adv.

DRINK WATER TO HELP WASH OUT KIDNEY POISON

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal acthivity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidney's active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system, so they no longer are a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your Physician examine your kidneys at least twice a year.—(Adv).
